

CHIEF JUSTICE WHITE IS DEAD; LONG IN SERVICE

Veteran of Southern Army
in War.

(Continued from first page.)

ing onslaughts on "big business" were still in vogue and many important cases came up before him for decision. Among them was the suit to dissolve the Standard Oil company, and, in rendering his judgment in this matter, Justice White originated the famous "rule of reason" as applicable to the Sherman anti-trust law.

In the widely discussed Northern Securities case, the justice was on the majority side. He wrote the minority opinion in the income case, and voted with the majority on the Philippine Island question of the constitution following the flag. He also sided with the majority in sustaining the Hepburn rate law litigation and the 80 cent case.

It was he who delivered the Panama Canal bill case against the contentions of the government, this decision being concurred in unanimously.

Upholds Draft Act.

One of the vigorous opinions written by Chief Justice White during the war was that upholding the constitutionality of the selective service act.

The Lever act also came before the Supreme court and on Feb. 28, 1921, Chief Justice White read the opinion, which ruled that the sections on profiteering was invalid.

One of the most important cases decided during the last few years of the chief justice's term was that in which the United States Steel corporation was held legal under the Sherman anti-trust act. Justice White and three of his associates concurred in the majority opinion that the public interest would not be served by a dissolution of the corporation.

Ruled on Secondary Boycott.

By one decision of the court, that declaring unconstitutional the taxing of stock dividends under the income tax section of the 1916 revenue law—the government lost \$100,000,000 in taxes. Chief Justice White concurred in the majority opinion of Justice Pitney and his voice carried the decision.

In a decision compared in importance to the Danbury Hatters case, Chief Justice White and five justices ruled that the Clayton law, amendment of the Sherman anti-trust act, did not make labor unions immune from prosecution and judicial restraint in their interference with the interstate trade. This affected the rights of labor organizations to employ the secondary boycott against employers.

Several cases under the espionage act came up, and the conviction of Eugene V. Debs was affirmed. Victor Berger's conviction was reversed.

Yet another important decision in which Chief Justice White concurred in the majority opinion was that restraining the International News service from "pirating" news of the Associated Press.

Bills Union Labor Asked Defeated at Springfield

Springfield, Ill., May 18.—[Special.]—The house judiciary committee today by a vote of 15 to 10, on two test roll calls, killed the bills that are most wanted by organized labor. They were the anti-injunction bill and the bill for jury trials in cases of contempt of court arising from injunction decrees issued by a state court.

MATERIAL MEN HELP PAVE ROAD TO NORMALCY

After years of ever increasing prices, the council finance committee sighed with relief yesterday when bids on street repair material showed marked decreases.

The committee voted to buy the 1921 supply, \$530,000 worth, of crushed limestone, gravel, sand, cement, asphalt, flux oil, road oil, paving brick, crosote and granite blocks on the bids submitted.

Mr. Miles submitted a comparison of 1921 and 1920 prices on street materials, showing the percentage of change in the prices. The tabulation follows in part:

Crushed limestone..... 2% increase.

Gravel and sand..... 5% decrease.

Cement..... 17% decrease.

Asphalt..... 7% decrease.

Flux oil..... 40% decrease.

Asphalt sand..... 14% increase.

Road oil..... 30% decrease.

Granite blocks..... 4% increase.

The material and the labor necessary for the street repair work is to be paid for out of the vehicle tax fund.

TRADE COMBINES MENACE PEACE, HOOVER WARNS

Free Competition for the
World, His Remedy.

New York, May 18.—Herbert Hoover, secretary of commerce, warned the National Association of Manufacturers tonight that combinations of exporters and importers in various countries are seeking to dominate certain trades.

That, if not remedied, Mr. Hoover said, can become a menace to the peace of the world. He made a strong plea for the open door in world commerce.

Secretary Hoover declared the world is surely and slowly making toward economic stability. If Europe can keep the peace for another year, he said, there will be no further cause for American anxiety.

Wants Free Competition. "I am making a plea for individualism in international economic life," Mr. Hoover said, "just as strongly as I would make a plea for individualism in the life of our own people. Free competition cannot be preserved in domestic life if it is abandoned in international life."

"Many nations are restricting to their own citizens development of natural resources within their boundaries. They do not allow citizens of foreign countries an equality of opportunity. Yet we have preserved an equal opportunity for all nationalities. There is but one form of restriction with which we have sympathized—that is with regard to labor immigration."

Seek Various Monopolies. "We find today that various governments are trying to secure for their nationals in countries foreign to them exclusive concessions over raw materials and the implements of commerce. This will close equality of opportunity."

"We find in some countries today, either through encouragement or lack of restriction upon growing industrial consolidations, the creation of great trusts whose activities can dominate the efforts of individual merchants of other nationalities in foreign trade. At the same time we and many other states continue systematically to prevent great consolidations that might dominate production and distribution."

"We find in various countries encouragement being given to combinations and agreements between exporters and manufacturers whose object is again to dominate certain trades."

Would Dictate Prices. "We find encouragement to combinations and the development of power to dictate prices."

"All this represents a tendency toward militant exploitation and domination of commerce, of which the whole commercial world must take notice. This tendency may, if it goes on, become a menace to the peace of the world."

KIWANIS CLUB ON WEST SIDE. W. O. Lewis, assistant treasurer of Sears, Roebuck & Co., was elected the first president of the newly organized Kiwanis club of the west side at a luncheon at the Town and Country club yesterday.

'POOR BERGDOLL' OF HIS LAWYER WINS HOT REBUKE

Washington, D. C., May 18.—[Special.]—Threatened with a jail sentence if he persisted in refusing to answer questions, Harry L. Weinberger, erstwhile counsel for Emma Goldman and more recently attorney for Grover C. Bergdoll, the millionaire draft slacker, abandoned his defiant air before the house investigating committee today and agreed to furnish the information desired.

At the same time the committee issued a new summons upon Mrs. Emma

G. Bergdoll, the mother of the escaped slacker, notifying her to appear before them tomorrow with books and papers showing the financial accounts of her sons.

When Mrs. Bergdoll was before the committee last week she promised to furnish the committee with the data showing the financial transactions of her slacker sons.

John F. McDevitt, Philadelphia, an agent of the department of justice, told the committee that he had called upon Mrs. Bergdoll for the information last night and had been informed at her residence that she was ill.

Representative Peters, chairman of the committee, said that a doctor's certificate that she was unable to attend

the committee would be her only valid excuse. He indicated, however, that the committee would take drastic action if she refused to deliver the books and papers.

Attach Mother's Property. Philadelphia, Pa., May 18.—Judgment was entered today in the federal District court here against all the property of Mrs. Emma C. Bergdoll, her slacker sons.

She was yesterday sentenced to a year and a day imprisonment, or to pay a fine of \$7,000, on charges of conspiracy to aid her sons to desert from the army. This was done to insure payment of the fine.

Mrs. Bergdoll was reported to have said yesterday that she would never pay the fine.

"I only regret that I have but one life to lose for my country."—Nathan Hale.

Ideals

IDEALS are the dominating characteristic of Men of Achievement. They are the very foundation of Progress. Without them there can be no Success for the Individual or Nation. The more noble, the more altruistic the Ideals, the more certain the Success. For her Ideals our Country made war. No possession of territory swayed her. It was an unfaltering allegiance to her Ideals of Freedom. It is those Ideals that are now dictating Peace—Ideals that are certain to bring Prosperity to all the Land.

Washington, D. C., May 18.—[Special.]—Republican leader with Democrats leaped to the senate today and "regular" program \$500,000,000 outlay for year.

On the first test of surges demonstration, not only able to overtake naval affairs committee, but that they sufficient votes to force virtually any kind of proposal they see fit. They are not disposed to unreasonable leaders declared. It they will go no further the Borah amendment requests the president negotiations with Japan for an agreement naval building.

May Ask Halt It

It is possible that step further and adopt amendment authorizing it be seen fit, to suspend naval building program outcome of the proposal. After days of spirited between the factions of committee's recommendation the house appropriation transportation, and from \$3,500,000 to \$4,500,000,000.

Regulars Rally

The "regulars" rallied from this defeat and adoption of an appropriation for the maintenance yards. This was \$1.50 the house allowed. The committee recommended of \$1.35 to \$1.35. Another \$250,000—an increase—the house allowance—adopted by a vote of 35.

The insurgents requested few minutes later the of Washington proposed holding up the unexpected original appropriation for deepening the Charleston (S. C.) amendment was carried.

Senator Borah's amendment cutting of \$1,150,000 for Charleston navy yard. Committee had recommended secretary of navy authorized the expenditure for the Borah amendment, and killed the appropriation.

REBEL SENATORS WIN FIRST TEST ON BIG NAVY BILL

Slash Appropriation; May Get Disarmament In.

BY A STAFF CORRESPONDENT.
Washington, D. C., May 18.—[Special.]—Republican insurgents allied with Democrats leaped into control in the senate today and broke up the "regular" program calling for a \$100,000,000 outlay for the navy next year.

On the first test of strength the insurgents demonstrated that they are not only able to overthrow many of the naval affairs committee's recommendations, but that they can also muster sufficient votes to force the adoption of virtually any kind of a disarmament program they see fit.

They are not disposed, however, to go to unreasonable extremes, their leaders declared. It is probable that they will go no further than adopting the Borah amendment, which merely requests the president to enter into negotiations with Great Britain and Japan for an agreement to curtail naval building.

May Ask Halt in Building.

It is possible that they may go one step further and adopt the Pomeroy amendment authorizing the President to suspend the program pending the outcome of the proposed negotiations.

After days of spirited debate the test between the factions came on the committee's recommendation increasing the house appropriation for recruiting, transportation, and other purposes from \$2,500,000 to \$4,500,000, a boost of \$2,000,000.

Regulars Rally; Win; Lose.

The "regulars" rallied temporarily from this defeat and obtained the adoption of an appropriation of \$30,000,000 for the maintenance of docks and yards. This was \$1,500,000 more than the house allowed. The senate committee's amendment carried by a vote of 18 to 23. Another small item of \$250,000—an increase of \$100,000 over the house allowance—for vehicles was adopted by a vote of 37 to 29.

The insurgents regained control a few minutes later when Senator Jones of Washington proposed an amendment holding up the unexpended balance of an original appropriation of \$1,500,000 for deepening the channel to the Charleston (S. C.) navy yard. The amendment was carried 37 to 29.

ONE MAN KILLED, THREE HURT, AS BUILDING FALLS

One man was killed and three others injured yesterday when a fire ruined building collapsed at 229 West South Water street. Employees of the Bosley Brothers Wrecking company were wrecking the building.

Edward Curtis, 5433 Federal street, was on the second floor when the crash pinned him under two heavy beams. Chief M. J. Corrigan of the First Battalion tried to revive him with a pump motor, but failed. Curtis died in the hospital.

Those injured were: Frank Smith, 62 West Grand avenue; Lee Bailey, 2747 West Jackson boulevard; and William Stevens, 3719 Langley avenue.

STINNES AND HINDENBURG CONFER

[Photo: Underwood & Underwood.]

Left to right—Herr Hugo Stinnes, Gen. von Hindenburg, Frau Stinnes.

This picture was snapped recently in Berlin. Hugo Stinnes, Germany's richest man, is shown in conference with Gen. von Hindenburg. Besides controlling most of the large industrial enterprises in the new republic, Stinnes is credited with owning scores of newspapers and periodicals. He is credited with influencing more than any one man the attitude of Germany toward the allies' reparations demands. The Cologne Post said of him:

"Multimillionaire, reclusive, tireless worker, vainglorious, lustful for power, and domineering—and yet with a soft spot in his heart and certain qualities that call for tribute—Hugo Stinnes is one of the biggest men in Germany today. Also far and away the most dangerous man in central Europe."

Such is the estimate by a writer in the Cologne Post of the most notable figure in political and industrial Germany today.

ENEMY WARSHIPS TO BE TARGETS IN 'AIR BOMB' TEST

Army and Navy Will Smash Vessels.

Washington, D. C., May 18.—[Final.]—Plans for the bombing of naval vessels by army and navy aircraft were completed today at a conference of Atlantic fleet navy department and army service officials. The experiments will begin off the Virginia capes June 21 with the bombing of the former German submarine U-117, and ending July 20 with the destruction of the former German battleship Ostrichland.

The radio controlled Iowa will be used in the second test, the searching out of the battleship and its bombing from the air. The army will withdraw from this all its land planes, using only seven seaplanes it has obtained from the navy for four blimps it possesses.

Third Series of Tests.

After the experiments June 28 with the Iowa, the third phase of the tests will take place, the forces bombing the former German destroyers July 13. July 18 the experiment against the former German cruiser Frankfurt will be held and two days later against the Ostrichland.

The operations will be conducted in sixty fathoms, about sixty miles east of Cape Charles Lightship. In these the army will participate, using 200 to 2,000 pound bombs. Rescue craft will

be stationed by the navy between them and the shore.

Blind Hunt for Iowa.

The Iowa will take up a position from fifty to one hundred miles off shore, between Cape Hatteras and Cape Henlopen, and will steam shoreward to reach shore before being located and bombed. Navy air boats and army dirigibles will form a scouting line between the two capes and will go eastward for 100 miles or until contact is made.

The navy air forces will be commanded by Capt. A. W. Johnson, commander of the Atlantic fleet air forces, on the tender Shawmut. Capt. S. H. R. Doyle, Hampton Roads, base commander, will be in charge at the base. Brig. Gen. William A. Mitchell, chief of army air service operations, will command the army air force at Langley Field, Va.

The Shawmut will take station at the targets in the case of the former German ships, and at about the center of the scouting area in the case of the Iowa; to make weather reports and transmit orders and information by radio from the force commander to the base and scouting force.

Harvard Teacher Sentenced to Jail for Knifing Cop

Boston, Mass., May 18.—James A. Duncan of Columbia, S. C., a teaching fellow at Harvard university, was sentenced today to serve three months in jail for assault with a knife on a Negro policeman. He appealed and was released on \$1,000 bonds. Miss Shannon, who also was charged with attacking the officer, was found not guilty.

FRAUD AGAINST FARMERS BRINGS 14 INDICTMENTS

Indictments charging the Consumer Service and Supply company and the Creditors' Protective bureau, both of which have offices in the Sharpfield building, with using the mails to defraud farmers of the middle western states of \$320,000 were returned by a federal grand jury yesterday.

True bills were drawn against twelve officials of the two concerns. More than 4,500 farmers are said to have lost money through these companies. Agents of the organizations, which worked together, visited the farmers after a campaign of circularization had been waged.

The companies promised, it is alleged, to purchase furniture, farm machinery, groceries, and clothing for their customers 20 per cent more cheaply than the same articles could be purchased from nationally known mail order firms.

Later these promises, it is charged, were repudiated and the farmers who had engaged the companies to serve as purchasing agents were the losers. The twelve officials named in the indictment are Simon P. Leeseley, president of the Consumer Service and Supply company; William M. Crawford, Joseph B. Burkholder, Frederick W. Treppon, Edward R. Treppon, Alton Cummings, Edward Shoemaker, Walter E. Quigley, Fred T. McNamara, Samuel T. Clark, and Le Roy J. Poole.

CHILD DIES OF SCALDS. Josephine Daniels, 9, 2315 South Oakley boulevard, died yesterday of burns suffered when she fell into a tub of scalding water.

STILLMAN NOW UNDER FIRE IN 'BATTLE OF INK'

Forgave, Then Accused Her, Fifi's Aids Say.

New York, May 18.—[Special.]—Awaiting the next hearing of witnesses May 25, the Stillman divorce case is being fought with ink. Aroused by the publication of James A. Stillman's divorce charges, lawyers for Mrs. "Fifi" Stillman gave definite information as to the evidence they will offer to sustain the claim that Stillman had disavowed himself as a divorce claimant.

Doctor's Story a Feature.

The evidence of Dr. Hugh Russell of Buffalo, stating that Mrs. Stillman revealed guilt to him and sent for Stillman, with whom she had consultations, and the introduction of the "hysterical letter" produced by Stillman as a confession of guilt, are assumed by the defense as proof that Stillman's information, such as it was, was complete in the late fall of 1917. To show that Stillman did forgive his wife after these events, her attorneys have the register of the St. Regis hotel in February, 1918, which shows that Mr. and Mrs. Stillman, their daughter Anne and their two sons—Guy was not yet born—were guests at the hotel together then.

Clerk's Story as Evidence.

The register is impounded, as are the bills rendered by the hotel. Photostatic copies are in the hands of counsel. Amplifying these is an affidavit

J. C. FALCON, retired diver, gives Evanston Boy Scouts cannon balls from the "Royal Savage," sunk by British in Lake Champlain in 1776.

by the clerk of the hotel who assigned the Stillmans to rooms, in which he swears they occupied four rooms—a bedroom and sitting room for Mr. and Mrs. Stillman, a bedroom for Miss Anne Stillman, a bedroom for James and Alexander Stillman. A bedroom for the nurse was provided in another part of the hotel.

Furthermore checks show that meals for Mr. and Mrs. Stillman were furnished in the rooms occupied by them, according to the lawyers.

The lawyers regard this as proof that if Stillman had the reasons for suspecting Beauvais and Mrs. Stillman which he now asserts, the presence of Beauvais as a guest at the expense of Stillman under the same roof is ample proof of condonation and forgiveness.

Try This

Go ahead—stand on the side of the drawer with the follower block 'way at one end so it won't brace the sides.

If it's a drawer of a GF Allsteel Filing Cabinet, no harm will be done. Put it back in the cabinet and it will roll true and easy as ever.

Such a low price for a four-drawer vertical file of this quality is remarkable.

Mae Tinee of The Tribune Says:
It robs the path to destruction of its roses and makes the strait and narrow a mecca of desirability.

This Film Is to the Point. Frank and Full of Thrills With an Unusual Story. Nothing But the "Naked Truth."

Friday Night for Women Only
Dr. John Dill Robertson, Commissioner of Health, will speak.

READ!! What the Buffalo E. S. News Says About "SOME WILD OATS"

There are some daring moments when even the most hardened are astonished. There is an absorbing love story in the picture, some good comedy and a real fight between a green recruit from the farm and the navy yard's bully. The picture has the indorsement of the leading authorities, who claim for it that, while it teaches a lesson of sex cleanliness and morality, and warns against disease, it does not bore with its preaching, and entertains every minute. Neither does the picture go to the other extreme and teach young men and women things they had better not know. It is a safe and sane presentation of a dangerous subject.

BY PARKE BROWN.

"If Chicagoans seeking redress from the courts want to experience the helplessness that New Yorkers knew in the days of Boss Tweed, the way is open to them. Let them elect the city hall ticket."

This is the warning being carried throughout the city by Attorney Quin O'Brien, an ardent campaigner for the coalition nonpartisan judicial ticket. He will continue his speaking until the election on June 6.

"When Boss Tweed was in control of the judiciary," he says, "the litigant not allied with his machine was compelled to let his case go by default. Appeal to the courts was useless. We will have the same thing in Chicago if the so-called Republican Circuit court candidates are elected."

Mr. O'Brien, who is known as one of the fiercest campaign orators in the local field, does not mince words in the present battle.

Law and Liberty at Stake.

"The issue at stake," he says, "is deeper and more vital than mere personal fitness. It is an issue that underlies the entire structure of all law and liberty. It is an issue that was not created by the newspapers, nor the normal rivalries between political parties."

"It is an issue which began years ago, when a little coterie of professional politicians known as the Lincoln-Lorimer league, sought to get control locally of the great Republican party and political offices by appeals to passions, prejudices, and

BANK OF KINDNESS

Draw a Check on It for the Unfortunate.

BY REV. G. A. MACWHORTER.

"Chicago needs men of quality and power. I am for scouting because it helps build such men."

Harold F. McCormick, president of the Chicago Council of Boy Scouts of America, which is seeking to raise a budget of \$125,000 this week to provide for the maintenance and extension of Boy Scout work among 10,000 Chicago boys this year.

The budget makes possible general education of the public, all year and summer camping, literature, extension, necessary office and clerical expenses, and the employment of able scout executives to enlist, train and direct the hundreds of volunteer scout leaders who direct Boy Scout troops in Protestant and Catholic churches, Jewish synagogues, schools, settlement houses and community centers throughout the city.

Such appeals drew together most of the worst elements of all parties and classes who have been held together and augmented by the lavish use of money, patronage, public favors, and special privileges until they have been welded together into an arrogant, autocratic, boss driven machine which for contempt of public opinion and human rights surpasses Tammany and outlasts the Kaiser himself.

Machine Never Sleeps.

"This machine works night and day 365 days a year, while the average citizen begrudges the less than one hour a year which he devotes to public affairs."

Tammany is going to make the bitterest fight of its costly career to elect its own hand-picked Circuit court ticket and that it expects to spend a colossal sum, estimated between \$500,000 and \$1,500,000, for that purpose.

"How they expect to spend this king's ransom we do not know, but we do know that it will have a baneful influence on this and future elections. What they expect in return we can only guess, but we do know that a judge—no matter how honest and well meaning—who is elected by such a power as such a cost will have both his honor and his gratitude tested and may be expected to 'give to a faction what was meant for mankind,' and, worst of all, it will bring our courts under suspicion and sow still greater disrespect for the law."

"If this bold attempt to intimidate and subordinate our courts to political domination succeeds we will be turning back the hands of progress on the dial of time many centuries."

FARMERS AGAIN PROTEST AGAINST TURNOVER TAXES

[BY A STAFF CORRESPONDENT.]

Washington, D. C., May 18.—[Special.]—Opposition of agricultural interests to a sales tax was further emphasized before the senate finance committee today in a statement presented by T. C. Atkeson on behalf of the National Grange. He attacked the sales tax, but defended the excess profits tax. He also opposed the repeal of Mr. Atkeson charged that the sales tax propaganda is being financed by large interests for the purpose of shifting the burden of taxation from the corporations to farmers and wage earners and others of relatively small means.

ENGLAND'S COAL STRIKE DEADLOCK STILL UNBROKEN

[Chicago Tribune Foreign News Service.]

LONDON, May 18.—Although the coal mine owners returned to London and have been in direct touch with the government, no new development has arisen in the coal crisis.

Sir Robert Borne interviewed the prime minister at length, detailing the points brought out in last night's conference. Mr. Lloyd George is remaining in London in readiness for any fresh negotiations which might break.

The railwaymen's and dock workers' executives held a two hour conference, but they took no further action beyond reaffirming the embargo on imported coal. C. T. Cramp, the railwaymen's leader, declared their position is the same as it has been right along.

Electricity in the American Home

IN the home life of America, electricity has won a definite and lasting place. It has passed the experimental stage—can no longer be classed as a luxury. It is a tried and proven essential, which, through its ability to perform mechanically the exacting tasks of housekeeping, and to provide comforts and conveniences, will endure through all time.

To the men of the electrical industry, qualified architects, electrical engineers and contractors, technicians whose knowledge and experience should be sought in all matters of installation, the success of the home electrical is largely due. Take your problems to these men; they will aid in perfecting your plans, and guarantee electrical economy and efficiency.

Equal in importance with plans and workmanship are the materials of installation, and these should be selected only from among such products as have demonstrated their worthiness. Habirshaw insulated wire and cable, for example, offer an excellent basis of comparison. For more than thirty years this wire, the accepted standard of the electrical industry, has been a dependable gauge of quality installation materials.

Habirshaw wire and cable are always available—being produced in millions of feet monthly—and through the Western Electric Company, distributors of highest class material and devices, reach every active market of America at the lowest possible price to the consumer.

Any architect, electrical engineer, or contractor will give you a copy of "The Home Electrical," a beautiful new booklet on the countless uses of electricity in the home.

WHY CITY HALL 'MUST NOT PASS' LISTED BY WOMEN

Give Nine Reasons for
Picking 'Free Bench.'

These are reasons for support of the coalition nonpartisan judicial ticket as listed in a letter sent yesterday to 100,000 women throughout Cook county by a committee named at a conference of leading women's clubs.

Under a caption reading, "Why vote for the judges on the Democratic ticket June 6?" the committee submits nine arguments, each preceded by "Because."

Some of their Reasons.

Among the reasons are the following:

"We are Republicans and ten are Democrats, selected by a committee elected together by the Chicago Bar association in the interests of an independent judiciary."

"No party aid no faction should ever be permitted to control our courts."

"The judges elected June 6 are empowered to select jury commissioners, who in turn select the grand and petit jurors."

"These judges select one of their number to act as judge of the juvenile court."

"Name South Park Board."

"The judges elected June 6 can replace the present south park commissioners with politicians, if they so desire, who will determine how the \$24,155 collected in taxes from the south park district shall be spent."

"Will we give to any machine control of the 2,100 acres of parks, the city's seven miles of boulevards, the recreation facilities serving more than 1,000,000 persons yearly, not to mention the Art Institute, the Field Museum, and the \$20,000,000 bonds voted for the lake front improvement?"

"A committee to take charge of the work of the women's clubs was chosen as follows: Mrs. B. F. Langworthy, chairman; Mrs. William Foster Young, Mrs. J. H. Kaulman, Mrs. J. Dean, Mrs. William Hefferan, Miss Harriet Vittum, Mrs. George McIntyre, Mrs. George Bass, Mrs. Ben Schaar, and Mrs. James W. Morrison."

GEN. FOREMAN PICKS FOUR NEW STAFF MEMBERS

Springfield, Ill., May 18.—Major Gen. Milton J. Foreman, commandant of the 33d division, I. N. G., has announced appointment of four members of his staff, in recognition of "highly meritorious service with the American expeditionary force."

Rank of lieutenant colonel is given Albert A. Sprague of Chicago and Arthur E. Inglish of Kankakee, and the rank of major is given Lawrence V. Kegan of Glenview and William G. Settles of Rockford. They are all assigned to division headquarters.

Arthur E. Inglish is son-in-law of Gov. Small and is administrative auditor in the statehouse.

Announcement was also made this morning of appointment of Edward H. White of Chicago as colonel in command of the 2d field artillery.

POISONED

The Death of One Child and the Serious Illness of Five Others Were Attributed Yesterday to Impure Candy.

BOY DIES, FIVE CHILDREN SICK; CANDY BLAMED

Police Trace Sale of
"Penny Licorice."

"Penny Licorice," purchased at a corner store was charged yesterday with the death of a 4 year old boy and the illness of five other children.

Raymond Doolittle, son of Mr. and Mrs. Clayton Doolittle, 614 West 163d street, died after eating the candy. His 10 year old brother, Donald Doolittle, and a 2 year old sister, Gertrude, are ill.

Three of their playmates, Margaret Tenny, 5 years old, 10233 South Union avenue; Lowell Friedland, 11 years old, 10232 South Union avenue; and Earl Sharpe, 6 years old, 10234 South Union avenue, are also suffering from the "candy poisoning."

Parents told the coroner's jury that the children purchased the "Licorice whips" at the store of Alex Carlson, 505 West 103d street, and that immediately upon eating them became seriously ill.

Carlson told the police he had sold a considerable amount of the candy from the same box with no ill results except in the one place.

M. C. Kretschmer, president of the American Licorice company, 2341 North Keystone avenue, testifying at the inquest, said: "I am sure it was not our candy that poisoned these youngsters. The product is sent all over the country, and we have received no complaints until today."

President Kretschmer demanded of the coroner that the candy be analyzed and a report made public.

The inquest was continued until June 8.

WISCONSIN MAN DIES; DRUGGED AND ROBBED HERE?

Waukegan, Wis., May 18.—The sheriff and coroner are investigating the mysterious death today of John H. Kubly, 60, at North Prairie, near here. Returning home in a dazed condition last night, Kubly lapsed into unconsciousness and died before he could explain what had happened to him.

Kubly had been drugged or poisoned, according to Coroner Lee. Police believe he was drugged and robbed in Chicago when he was there last week on his way to Tulsa, Okla., where he resided formerly. He is known to have carried a large sum of money, but his wallet was empty upon his return.

Kubly had two daughters, Mrs. L. S. Gara of Chicago and Mrs. George Deninger of Monroe, Wis., and two sons, Casper and John, of North Prairie.

CITY HALL TICKET 'LEVY' HITS MITE OF SCRUBWOMEN

Janitor Force 'Sold'
'Jubilee' Cards.

City hall janitors, janitresses and window washers compose the latest category of municipal employees whose meager pay checks are being shaved by political assessments levied by the Lundin-Thompson organization.

Twenty-five thousand tickets to the Lundin-Thompson jubilee at River View park have been allotted to the office of Commissioner of Public Works Charles R. Francis.

Francis' aids are said to have re-allotted 300 tickets to the scrubwomen and janitors whom he employs.

300 for Janitor Force.
There are forty-one janitors and fifty-four janitresses. The highest salary is \$1,254 a year.

When Chief Janitor James Connors lined up his assistants to hand out the pay vouchers for the last half of April, one ticket to the jubilee, price \$1.10,

was handed to each employee with the request that it be paid for at once in cash.

"We don't blame Jimmie," one of the janitors said. "He had to take more than we did. He explained that the tickets were sent down from the commissioner's office."

Deputy Commissioner of Public Works Burkhardt declared that "no tickets are being sold to little pickers like janitors and garbage handlers." He ordered that Chief Janitor Connors report to him today to "explain" the sale of tickets to janitors.

Bureau Head's Side of It.
In spite of Mr. Burkhardt's assertion, two bureau heads declared that they received their supply of tickets from Mr. Burkhardt, who is the brother-in-law of the mayor.

The only advice given me when I received my quota," said one bureau head, "was to get rid of them and to turn in cash and not checks."

Fire Starts in Storeroom of New Field Museum.
Fire in a storeroom of the new Field Museum yesterday caused damage estimated at \$200. Thirty-five employees formed a bucket brigade and fought the flames until the fire department arrived.

NONPARTISAN NOTES

The first mass meeting held for the coalition nonpartisan judicial ticket will take place tonight in the Healy school hall, Wallace and 31st streets, in the Fourth ward where the Thompson-Lundin machine was defeated in the late aldermanic election.

Republican Italian-Americans will organize to aid the coalition judicial ticket tonight at a meeting in the Italian-American, Fourteenth ward headquarters, 645 North Talman avenue.

Women of the Sixth and Seventh wards have arranged for a series of meetings in their homes to aid the nonpartisan ticket. Meetings will be held tonight at 5336 Calumet avenue, 6751 East End avenue, 7217 Crandon avenue.

Headquarters for women supporting the coalition ticket were opened in rooms 209-210 Hotel Sherman. Representatives of both the Republican and Democratic women's organizations and of the nonpartisan women's clubs will be present every day to aid the women in organizing.

Why Not Take Breakfast at

Henrici's

Even in the old days of long years ago, before many of its patrons had discovered the excellence of Henrici's as a place in which to dine of an evening, it was famous for the quality of its breakfasts.

Today, as then, a breakfast at Henrici's is an especially bright, cheery event. And at breakfast, if ever, one needs good cheer with good food.

2. What is peculiar about the bones

1—Allied troops have abandoned Pleiss and Rybnik and the Poles occupy both of these important industrial centers. Quiet prevails at Gross Strehlin, and other scenes of recent fighting.

2—A tense situation is developing at Beuthen, where inability of Adolbert Korfany, the rebel chief, to pay his troops and laborers has led to a situation of anarchy in the ranks.

3—The names of several officers are reported to have been purged, and tortured at Albnau, having harbored or befriended soldiers.

From 25,000 to More Than 800,000 in Ten Years of Steady Growth

THE COUNTRY GENTLEMAN was bought by The Curtis Publishing Company in July, 1911. At that time it had about 25,000 circulation.

For ten years its circulation has grown steadily, at the rate of about 80,000 copies a year, until now it is read each week in the homes of 800,000 families who buy or subscribe for it at the full price.

The following table shows the average net paid weekly circulation of THE COUNTRY GENTLEMAN for each year since it was acquired by The Curtis Publishing Company:

1911	29,178
1912	76,318
1913	193,024
1914	263,682
1915	310,085
1916	357,098
1917	388,871
1918	399,777
1919	463,574
1920	651,008
1921	(April 16 Print Order).									832,000

This growth has been attained without offering any other inducement than the contents of the publication—without cut rates, premiums, clubbing offers or installment subscriptions.

INDEPENDENCE SQUARE

PHILADELPHIA

U. OF I. TO PLANT STADIUM DRIVE TREE MEMORIAL

BY LEOLA ALLARD.

The University of Illinois is making plans for planting a double row of trees along both sides of the macadam driveway leading to the main entrance of the new stadium to be erected in honor of the Illinois heroes of the world war. The university already has planned a memorial court of honor, memorial columns, and memorial seats and boxes, and the stadium authorities, in line with the plan to make Roads of Remembrance, want to add this double row of trees as a tribute to its men who served.

The regimental drill field is surrounded by trees planted in memory of those who died in the war. They were dedicated with impressive ceremonies two years ago. One hundred and seventy-three memorial columns also have been dedicated to these Illinois heroes. Robert Zuppke, football coach, will preside at the meeting when details of the new tree planting will be decided upon.

Mrs. Barber "Nominates" Tree. — From Washington comes news that, in the name of the Chicago chapter of the Daughters of the American Revolution, Mrs. John O. Barber of Winnetka yesterday nominated for a place in the hall of fame for trees a "Cook county line tree," and she has sent photographs for the forestry association's files. The tree will be registered. The association is compiling a hall of fame for trees and one of the latest to be given a place is the Gen. Grant elm in Washington park, planted by Gen. Grant in 1879. The nomination for the Grant elm was made by Roosevelt T. Spencer of Chicago.

Frank Bebee of 360 East Garfield boulevard nominates the tree planted by Theodore Roosevelt in Rand park, Keokuk, Ia., April 23, 1903. President Roosevelt visited the tree in 1907.

Tells Who Are Eligible. — For whom should trees be planted? Col. John V. Clinin yesterday answered this question. "Only those who took the oath of

service are eligible to the American Legion," he said. "Those for whom trees should be planted are those who meet the requirements for membership in the Legion. This includes nurses and telephone operators who served. Certainly they were soldiers and they will have trees."

X. M. Sontag, 2992 Greenleaf avenue, Chicago, offers to help in any way in the case of the trees or their planting. He is a pioneer of Rogers Park.

From W. J. Farley, Cumberland, Ia., comes the inquiry: "Where can I get the bronze tablets to mark the trees?" The American forestry department at Washington has them, but it was thought a plain, uniform marker could be decided upon later, after the trees are planted. This has not yet been settled upon.

AMERICAN LEGION NOTES

Ravenswood post at its meeting Tuesday night sent a telegram to Georges Carpentier welcoming him to the United States, and extending best wishes.

The Khaki and Blue club will hold a dance, Friday evening, eighth floor, Stevens building. All ex-service men are invited to attend. There will also be a special meeting of the club next Tuesday evening at room 1124 County building.

The Veterans of Foreign Wars will give a dance in the Second Regiment armory Saturday evening.

PLAN ROOSEVELT HOUSE FOR MEN OF HARVARD U.

Cambridge, Mass., May 18.—A proposal for the erection at Harvard university of a building to be known as "Roosevelt House" was made in a report to the Associated Harvard Clubs by a committee of alumni, which was made public today.

The building would contain a working floor for the use of university departments, and particularly for conferences between tutors and students, together with a reading room where Roosevelt memorabilia of all kinds would be kept.

The committee suggested that all books and state papers written by the former president, and books written about him, together with hunting trophies and other material relating to him, should be kept in the reading room, with the hope that this room "would be resorted to by all who wished to know or write about him."

The chairman of the committee which presented the report is Charles G. Washburn of Worcester, classmate and biographer of the colonel.

Firestone Plant No. 2
Daily Capacity 16,000 Tires; 20,000 Tubes

Devoted Exclusively to the Manufacture of 30 x 3½ Size Non-Skid Type

How the Price of \$13.95 on 30x3½-inch Firestone Tires Was Made Possible

It is in this period of much-needed economy that the full benefit of Firestone's development can best be recognized.

The advantage of having two great individual plants has permitted specialization in the highest degree. Plant No. 1 is devoted to the production of Firestone cords—tires that are accepted as the highest development of tire building. Tire repair men who judge values best, class it as the sturdiest carcass made. Forty-seven car manufacturers have adopted Firestone cords as regular equipment during 1921.

Plant No. 2 was erected for the sole purpose of making 30x3½ Non-Skid fabric tires. With a daily capacity of 16,000

tires and 20,000 tubes, this plant permits refined production on a quantity basis. Its output was 13,700 tires per day during April.

It is such basic economies that enable Firestone to make a price of \$13.95 on this standard 30x3½ tire—the lowest price ever made on a standard tire.

Firestone dealers help make this \$13.95 price possible by accepting a smaller profit per sale on this fast selling tire.

We see today the fulfilling of what Firestone men have worked for—public support in soundly ratifying the Firestone standard of "Most Miles per Dollar."

Firestone

BATTEN

3 tests of yourself

FROM the day you decide to go into business these three tests confront you. If you pass all three, you are a useful man. If you pass but two, you are just an ordinary citizen—a little less than a success, a little more than a failure. If you pass but one, you are one of the most pitiable things in life—a man in business who means nothing to his business.

Can you get a job or a business? That is the first test. In America it is not hard. It simply involves the ability to get someone to give you a chance and pay you money on the theory that you will soon earn more. Gain the confidence of one individual and you have passed Test No. 1.

Can you make your business grow? This test is a little more devilish. Those who can pass it are looked upon as men who are "making good." They are the men who become executives, managers, department heads, buyers, salesmen, superintendents. They are usually in line for promotion. Prove that you can gain and hold the confidence of several people, a few more every year, and you have passed Test No. 2.

Can you grow as fast as your business? This is the supreme test. It is this that keeps grey-haired men toiling at their desks

while others are saying, "Why does he work? If I had as much money as he has, I would have quit long ago."

For a business is like a child—once it starts growing it may easily outstrip in size and weight those who bred and nurtured it.

When your business begins to grow, you must not only grow yourself, but you must see that those about you grow as rapidly as their jobs are growing. You must become national-minded instead of local-minded.

When your business reaches the point where you must think in terms of the whole people, you must look to it that the whole people think in terms of your business and its goods or service. Unless you can grow, you will be outgrown, and some day people will say, "There is a new bunch in control down there now."

To grow as fast as a big business can grow, means that you must win and hold the confidence of the people of the United States of America. That is Test No. 3.

Once a month, or more frequently, we issue a publication called Batten's Wedge. Each issue is devoted to a single editorial on some phase of business. If you are a business executive and would like to receive copies, write us.

AMENDMENTS TO UTILITIES BILL TO BE NUMEROUS

Measure Has Reached Second Reading.

(BY A STAFF CORRESPONDENT.)

Springfield, Ill., May 18.—[Special.]—The administration's public utilities bill stands on second reading in the house tonight and tomorrow morning consideration will be given to a dozen amendments offered by Democrats and Republicans who now are against the measure as it stands. Decisive action was taken tonight as follows:

The Weinshenker amendment to the original bill, providing for railroad passes to all state officers, is preserved by a vote of 52 to 40. This amendment is now amended to include the justices and clerk of the Supreme court and all officials of the general assembly.

By a vote of 69 to 54 the house refused to accept an amendment offered by Representative Garsche, Democrat, to reduce the number of commissioners from seven to five.

Twenty amendments, largely corrective and not affecting fundamentals in the bill, offered in behalf of the state administration, were adopted without difficulty, by viva voce vote in most instances.

Representative Tice secured the adoption of an amendment that removes from the jurisdiction of the commission the right to issue certificates of convenience or necessity to motor bus lines to operate on state highways. This, in effect, is the same as provided in the Dunlap bill, pending in the senate.

No action was taken in respect to local or rural telephone lines, but there will be an amendment dealing with it offered tomorrow morning.

SENATE STIRRED BY NEW TARIFF PLAN IN HOUSE

Rates in Force When Bill Is Reported.

(BY A STAFF CORRESPONDENT.)

Washington, D. C., May 18.—[Special.]—Rates of duty in the permanent tariff bill would become effective immediately after being reported to the house from the ways and means committee under a resolution introduced in the house today by Representative Longworth of Ohio. The resolution was submitted following action of the conference committee in final agreement on the emergency tariff bill.

Mr. Longworth's resolution, which is unprecedented, was approved by the Republican members of the ways and means committee. Arrangements were made for a meeting of Republican and Democratic members of the committee tomorrow, at which time it is planned to report the resolution to the house.

Hitch Is Expected.

The action of the house Republicans was taken without any agreement with senate leaders, and a hitch in the proceedings is expected to come when the resolution reaches the senate. The senate leaders show a disposition to refuse to agree in advance to the acceptance even temporarily of new tariff duties which they have not even seen. Even after they find out what is in the bill it is likely that the senate will object to making the rates effective without careful scrutiny.

Adoption of a resolution of this kind has been advocated for some time by many of the Republican members of the ways and means committee, but nothing has developed to indicate that the senators are any more favorable to the scheme now than before.

Fordney Favored It.

Such a plan was recommended by Chairman Fordney of the ways and means committee to President Harding before it was decided to revive the emergency tariff bill, but the

president failed to approve the suggestion, presumably because of senate opposition.

Conferees of the senate and house in agreeing to the emergency tariff bill made few changes in the measure as passed by the senate.

The house conferees accepted the provision continuing the war trade board control of imports of dyes, but with an amendment limiting its effect to three months, instead of six months.

The agreement probably will be ratified by both houses and get to the president by the end of the week. Senator Fordney predicted that it would be a law by Saturday night.

Makes New Record from Yokohama to Honolulu

San Francisco, Cal., May 18.—The shipping board freight and passenger steamer Golden State, which arrived today, broke the record for the run from Yokohama to Honolulu by making the trip in eight days 9 hours and 36 minutes. The distance between Honolulu and San Francisco was run in four days and 22 hours, or 18 hours more than the record held by the army transport Great Northern.

Cosmopolitan News

Nearly Everybody Worth While Reads COSMOPOLITAN

Nearly three million people read Cosmopolitan every month.

Number 5

119 West 40th Street

New York

COSMOPOLITAN NEWS Published occasionally to acquaint the public with the writers and the illustrators who make Cosmopolitan "America's Greatest Magazine."

Romance!

To children and grown-ups alike, in every tongue and in every land, the sweetest phrase of the ages would probably run about as follows:

"Once upon a time..."

From Homer chanting his Troy-tale in the villages of Greece, to grandmother in her chair by the hearth, these four words have never failed to bring a rapt and attentive audience to the feet of the romancer.

They swing wide open the enchanted gates of fairyland. They are trumpet-blasts announcing the advent of fairies, giants, villains, heroes, and lovers.

Cosmopolitan is the great Romancer of today. The most gifted story-tellers speak through its pages.

Is it any wonder that millions of people each month turn to these stories for a few hours of pleasure and relaxation?

Mosquito

Jungle's Fiercest Game

If you were prowling in the jungles of darkest Africa, you would probably fear most the sinister leopards and great herds of wild elephants. Nighttime, loud with strange and uncanny noises, would send shivers up and down your spine. It would be hard, at first, for you to realize that the most dangerous game in all the vast wilderness around you was the little mosquito resting for a minute on the back of your hand.

To enjoy the danger and excitement of a big game hunt with one of the most daring hunters in the world, read "Ku-Ha-Va Days," by George Agnew Chamberlain, in May Cosmopolitan.

Roulette

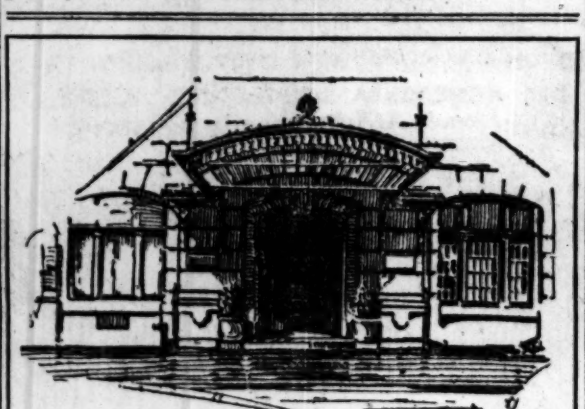

Suppose you were a judge and one twin brother, under another name, were brought before you for trial—on a charge of murder. Suppose you had not seen him since boyhood, and had every reason to believe him dead.

Would you recognize him—would a deep, subconscious instinct make you vaguely aware of some identity between you?

This striking situation forms the climax of Fannie Hurst's remarkable story "Roulette," in May Cosmopolitan. Don't fail to read it.

Signatures of Great Writers Make Interesting Study

WE'VE had our own handwriting expert examine these signatures of a few of the famous writers whose work appears in May Cosmopolitan. Perhaps from their penmanship we may be able to penetrate the secret of their ability to thrill us with their mystery stories, enchant us with their tales of adventure, inspire us with their poetry or amuse us with their humor.

Through this Door Pass Some of the Most Interesting People in America

It is the doorway of the Hotel Algonquin, on Forty-fourth Street, New York City.

In a letter to the publisher of Cosmopolitan, the manager of the Algonquin says, "Yes, the Cosmopolitan is the biggest seller on our newsstand."

That's quite a tribute, for if you were to stroll through the Algonquin lobby early some evening, you might see kindly old Frank Bacon taking forty winks in a big, easy chair before his nightly appearance in "Lightnin'." On a massive leather couch near the newsstand, Rex Beach and Fred Stone might be discussing golf, lassoing or art.

Through the door that leads into the dining room you might see Rabindranath Tagore, Elsie Janis, John Drew, Holbrook Blinn, John Drinkwater or any of the interesting people who frequently dine or stop at the Algonquin Hotel—men and women typical of the clientele of this famous hostelry.

That Cosmopolitan should be preferred by those who are themselves master entertainers is surely a tribute to its entertainment powers.

Are you reading it?

The May issue is now on sale and you can buy a copy if you hurry. It doesn't linger on the stands.

First the signature of Louis Joseph Vance, creator of the Lone Wolf. His fine, flowing hand, small characters, graceful lines seem to indicate a high degree of intellectuality, logical processes of thought and an infinite capacity for detail.

From Robert W. Service's hand you may gather that he will never be a faddist—but that his poetry will always express something we can understand, and mean something we can appreciate.

Fannie Hurst's writing is quite unconventional, like her stories. Her firm bold strokes proclaim an independence of thought observable in all her work. Truly just such a hand as you would expect from the author of "Roulette" in May Cosmopolitan.

Mary Roberts Rinehart's signature is highly indicative of refinement. From such a woman you would expect only the finest, cleanest stories told simply and well. For verification, read her travel experiences in the Far West in this month's Cosmopolitan.

George Ade's outstanding characteristic, according to his chirography is honesty. It is the hand of a sincere humorist-philosopher, befitting the famous author of Fables in Slang, and the editorial on "Oratory" in the current Cosmopolitan.

Positiveness, directness, unpretentiousness are shown in Peter B. Kyne's inscription of his name. We don't know how he happened to mis-spell his surname. Perhaps he was hurried. It is no sin to keep an impatient editor happy by promptly writing instalments of a big novel like "The Pride of Palomar."

General T. Coleman du Pont says "I hope every American business man will read your inspiring advertisement," wrote General T. Coleman du Pont to Cosmopolitan's publisher commenting on a "Sell Right Away—Don't Wait" campaign which this maga-

zine is carrying on through the important newspapers and magazines of the country. A reprint of this announcement will be mailed on request. J. Mitchell Thorson, Business Manager, Cosmopolitan, 119 W. 40th St., New York City.

MARSHALL FIELD & COMPANY

This Suite Special in Our Important May Selling of Fine Furniture

CURLY birch, in a dark, rich finish, heightened by lines of black, gold, and green decoration cunningly applied, is used to make this a suite of very evident distinction. Its lines are formal, yet of a pleasing artistry. It is altogether, in outward appearance, a most remarkable group of furniture.

The interior work—the cabinet work, the finish of drawers and other details on which the usefulness of the various pieces depends—are no less carefully done. They are typical of the finer grades of Furniture. Prices on this Suite are very low.

Dresser, \$110 Beds, full size, \$55 Chiffonade, \$78

Chest of Drawers, \$68 Loose Toilet Mirror, \$29.50

Night Table, \$18 Room Table, \$22.50 Side Chair, \$18

Queen Anne Dining Suite of Remarkable Grace

THE simple lines of the best examples of true Queen Anne Furniture, which leave to the wood and the finish an important share of the beauty of the piece, are found in this Dining Suite from Berkeley & Gay.

The following prices for so excellent a Suite exemplify values in this Selling:

72-in. Sideboard, shown, \$138. 60-in. Sideboard, wood back, \$88. China Cabinet, \$87.50. Armchair, \$27. 60-in. Sideboard, mirror, \$100. 54-in. Table, extending to 8 ft. with two apron leaves, \$85. Side Chairs, \$19.50 each. (Chairs have mohair seats.) Side Table, \$55.

Eighth Floor.

Five Points in Buying Muslin

When you buy muslin, ask yourself these questions:

- Does it last long?
- Will it look well after laundering?
- Is it easy to sew on?
- Has it a name that stands for high quality?
- Is the price reasonable?

"Yes" is the answer to these questions if you are buying Fruit of the Loom.

Fruit of the Loom Muslin

You will find this muslin as widely useful as your grandmother did for any article that should look well, but has to stand hard wear.

You can also get leading brands of pajamas, nightshirts, men's and boys' shirts, sheets and pillow cases, ready-made of Fruit of the Loom.

Ask for Fruit of the Loom by the yard and in ready-made articles, and look for the label.

1,000 GET JOBS FIRST RESULT OF RAIL PAY CUT

Expect 250,000 Idle to
Be at Work July 1.

The first stimulating effect of the States labor boards' announcement of an approaching railway wage increase was felt yesterday when the Alton and Alton reemployed 3,000 men and women.

The rail executives were speculating on the probable percentage of the board's unexpected decision to the board's insistence upon an immediate solution of the railroad wage cut.

The Alton shops at Bloomington were reopened. Two thousand men were put to work. Two thousand more, it was announced, will be employed on June 1.

Projections are made that the 250,000 men now out of work throughout the country will have been reabsorbed by the various roads by the time the wage reductions go into effect on July 1.

New Rules to Benefit Men.

That chiefs were reticent as to their immediate plans, but they pointed to expected events which will remove much of the sting from the reductions as far as the unions are concerned. One is the working rules decision which the board probably will hand down around July 1. It is known that the unions will be awarded a definite rule of universal rules, based on six principles which will go far toward equalizing the wage cut. These rules, it is said, will fix an eight hour day, reduction of health, overtime, and other fundamentals which will restore to the big brotherhoods their coveted differentials in pay.

Expect Freight Rate Cut.
The other is expected action on the part of the administration within the near future in lowering freight and passenger rates. The executives maintain, however, that the roads will be in a better position financially if rates are lowered and wages are not cut as much as 50 per cent. The employees have announced a refusal to accept more than a 12 per cent cut and the shop crafts have threatened a nationwide walkout if the reductions go above that figure.

The board would give no intimation as to the size of the cut.

"We do not know what it will be and we cannot tell until we study the evidence," said one of the members. Eighty-seven roads will be affected by the June 1 decision.

RAILROAD LABOR LAYS PLANS TO MEET WAGE CUT

Washington, D. C., May 18.—[Special.]—Soon after the news was received here today that the federal labor board at Chicago would announce on June 1 wage reductions applying to all cases submitted to it prior to April 18, representatives of the 1,000,000 unskilled workers affected began to lay their plans to meet such an emergency.

As a result of the conference it was practically decided to ask for a court review of the decisions of the labor board in the event that the reductions are not, in the opinion of the labor leaders, justified by the evidence submitted. No action, of course, will be taken until the decision is rendered by the labor board.

It is held by W. Jett Lauck, economist for the workers and other leaders here, that there is precedent for such an appeal.

Mr. Lauck and his associates take the position that the workers are simply preparing to protect their rights in view of the unexpected and rather

abrupt announcement by the labor board. Mr. Lauck conferred by wire today with Bert M. Jewell, president of the employees' department of the American Federation of Labor, and it was decided that discussion of preliminary plans was justified. The labor board at Chicago, in its announcement yesterday, did not give intimation of the position it would take.

In applying to the courts the workers would ask that a temporary order be issued making the reductions announced inoperative until a final disposition of the case was reached.

Meanwhile President A. H. Smith of the New York Central lines testified before the senate committee investigating the transportation situation that despite increased revenue that railroad spent 93.8 per cent of its income on operating expenses last year, as compared with 84 per cent in 1914. He blamed high labor costs.

Mr. Smith told the committee a liberal settlement should be made with the railroads.

President Willard of the Baltimore and Ohio preceded Mr. Smith on the stand and defended high salaries for executives, asserting otherwise the lines would lose capable officials to other industries.

THE Rolls-Royce is low in cost in proportion to its high merit. With such a magnificent piece of engineering the owner practically writes his own guarantee. A Rolls-Royce that runs well for fifteen years is really an economy.

Wanted Two million husbands

DO YOU know that there are two million women in England today compelled to go through life unmarried because there are no men for them to marry?

What are they going to do with themselves? All England is talking about it.

Is the "right to motherhood" doctrine gaining ground? Or will these two million surplus women find happiness in a "transmuted" motherhood?

What of the women who are married and don't want babies?

How much are the marriage and divorce laws to blame?

And how about the surplus men—the inferior men whom women won't marry.

Ida Clyde Clarke, who has just returned from England, discusses the whole burning question in Pictorial Review for June. She gives you the viewpoint of England's Birth Rate Commission, the protests of The Mothers' Union and a solution offered by a famous woman scientist! See what you think of it!

Kissing can't be shown on the screen in Japan

JAPANESE censors consider kissing highly improper. And yet their bathing customs would shock us. Opinions differ, that's all.

For instance, what do you mean by "sex plays?"

Norma Talmadge, the famous screen actress, asks this question in Pictorial Review for June. She shows clearly the difference between wholesome romance and suggestive sex-appeal.

Miss Talmadge also tells you what a movie actress's life really is. Read her intensely interesting article. This is the fourth article in Pictorial Review's campaign for cleaner movies.

"What Do You Mean by 'Sex Plays'?"

Did horrible dreams of
yours ever come true?

DID you ever dream that your mother was dying?

That a brother—or a sister—had met with a terrible accident and been killed?

That a man you knew was in danger of being murdered?

That your child was being run over by an automobile? And have your dream come true afterwards in every detail exactly as you dreamt it?

Science says these are not mere chance happenings and H. Addington Bruce explains the laws that govern these extraordinary dreams of prophecy. See his article in Pictorial Review for June, entitled—

"Dreams that come from afar"

And all New York
was looking for her

WOULD you enjoy being flung from your cozy Pullman on to the flinty soil of a Western prairie? And yet that's how a beautiful New York Society girl found the great romance of her life! Spoiled and pampered, with hosts of admirers, Io Welland finds herself alone—bruised and cut when the train overturns.

There she meets a new kind of man in Errol Banneker—and begs him to keep her identity unknown. This provides one of the most fascinating novels of love and adventure we have yet published—

"ENCHANTMENT"

A new sort of love story by Samuel Hopkins Adams, Author of "The Clarion."

THE GUMPS GO TO THE HEAD OF THE CLASS, CHESTER

LAKE VIEW NEEDS ONLY EXPERIENCE TO BID FOR TITLE

BY JAMES CRUSINBERRY.

That Chicago's high school boys have made great progress in playing baseball is demonstrated clearly by the Lake View team, who a year ago performed as if they had little conception of what it was all about and who this spring are performing with quite advanced intelligence.

Lake View combatted the strong Lane Tech boys Monday and Tuesday and defeated the champions of last year a terrific fight, losing, 6 to 5. There were a lot of errors on each side and Lake View's mistakes helped Lane to get three runs in the first inning, when the Lake View youths went all to pieces. Throwing the ball wildly around the bases while their rivals were running made the Lake View team look awful but after the start, but after the first inning they settled down nicely.

Holohan Good Hurler.

Coach George Dickinson has developed a sterling pitcher for Lake View in Holohan, a tall left handed boy who has plenty of speed and an exceptionally good curve. While he was tapped rather hard by Lane, he displayed more than average ability. He fanned nine men in the seven innings.

Holohan's pitching was the strength of the team. His mates still need experience and practice and have quite a lot to learn about inside baseball. But the team is so far ahead of the team of 1920 that it looks as if in another year Lake View might step into the championship class.

Infield Needs Experience.

Catcher Thomas did some peppery backstopping, but wasn't able to stop the Lane base runners. Also he was a bit uncertain in holding the ball and it was a passed ball that let in the Lane winning run in the seventh.

Levy at first was one of the best fielders of the team. Monson at second, Loos at short, and O'Grady at third are all very good and need only experience, both in playing the game and hitting.

The outfielders were rather ragged in the defensive play, even Capt. Carthage, who moved from left to right after experiencing much trouble. Rose and Clair, his mates in the outer garden, were a bit stronger in fielding, but both weak at the bat.

C. A. A. TO SEND TEAM TO A. A. U. MEET ON COAST.

Announcement was made yesterday by William H. Powell, chairman of the athletic committee of the Chicago A. A., that a team of eleven men will be sent to the coast to take part in the National A. A. U. senior track and field championships on July 4 and 5.

The games will be decided at Pasadena, and the Cherry Circle squad will be in charge of Physical Director S. H. Darwent.

The makeup of the team will depend largely upon the results of the Central A. A. U. tryouts to be held on Northwestern field, June 21. Charles A. Dean, chairman of the championship committee of the central association, has received \$1,800 to be distributed among athletes in the section.

In order to disburse the money in a fair manner, Chairman Dean has ordered the staging of the nineteen championship events, and the winner of each contest will receive one-nineteenth of the money.

The Illinois A. C. undoubtedly will send some of its stars to the games, as will the leading organizations in the east. The senior championships will be held on July 4 and the all around and relays on the following day.

The executive committee of the Central A. A. U. will hold a meeting at the I. A. C. Saturday at 8 p. m. to ward outdoor championships for the season.

RED SOX HAND TIGERS FIRST SHUTOUT, 2-0; TRIPLE PLAY BY TYS

Detroit, Mich., May 18.—Detroit executed a triple play against Boston in the fourth inning but was unable to solve Jones and his mates still need experience and practice and have quite a lot to learn about inside baseball.

The triple play came after two had scored. With Hendryx on second and McInnis on first, Scott attempted to bunt. He lined to Young, who touched out McInnis on the base line and threw to Bush, who tagged Hendryx off second. (TRIBUNE Photo.)

was the first triple play of the year in the American League. Score: Boston, 0; Detroit, 2.

'T WAS A TOUGH DAY FOR "BABE" RUTH

The Bambino's first trip to the plate in the first inning was short and sweet. He let one strike go by, then hit a high foul close to the Yankee bench. Schalk took a look at it, then passed it up to Sheely, who got under and held it. The position of Ruth indicates the tremendous swing the big fellow takes in his efforts to knock the pill out of the park.

In the Wake of the News

INTEREST IN BIG FIGHT.

While scouting on the South, the most prominent surgeons in Chicago stopped to ask our opinion of the Dempsey-Carpenter battle. Of course, one guess is good as another, but this time the crowd of fifteen minutes to fan over the possibilities, and to my surprise he was right up to the minute on the published dope.

In parting he said: "Well, I would hate to see the championship leave this country and I feel as if Dempsey ought to knock him out in five or six rounds, but down in my heart I would like to see the Frenchman win."

That has been the general expression among the class of people whom you might think pay little attention to such an event as a big prize fight. Carpenter, is related more to show the interest among all strata of society in the title glove bout.

A Winsome Lass.

I knew a girl with a turned up nose. It would sound much better to say that the girl I knew has a dainty nose. That is slightly retromed.

In recent Wake was query regarding fate of the old South Market which stood in the center of State, from Randolph to Lake.

The building was condemned and sold in March, 1918, to Orrin Kendall, Chicago's first baker on a "grand scale," whose establishment was located at Dearborn and Washington. Most of the material from the former city hall also was used for bakeshop furnaces.

Mr. Kendall was the contractor for supplying bread for the confederate prisoners at Camp Douglas during the civil war.

Perhaps Babe Ruth will add another homer today. Guess we all better go out to see.

Do You Remember Way Back When? You took your watch to be repaired and the watchmaker loaned you another to carry in the meantime?—C. S. B.

GENERAL 27; STEREOTYPE, 1.

The General team, managed by C. S. B., won the first game in the Tribune baseball league by defeating the Stereotype, 27 to 1, at Pratt Hall, Henry Ma of the General allowed only three hits.

ONRUSHING PIRATES HAMMER ROBINS IN 11-3 SLUGGING BEE

Brooklyn, N. Y., May 18.—Pittsburgh hammered three Brooklyn pitchers and won the first game of the series, 11 to 3. Cooper held the Dodgers hitless until the sixth inning. Score: Pittsburgh, 11; Brooklyn, 3.

Home Dressmaking on M'CALL STREET

A MILLION, five hundred thousand homes on McCall Street—the longest street in the world.

These homes on McCall Street are the 1,500,000 homes in which McCall's Magazine is read every month. With a house every 25 feet on each side, McCall Street would sweep across the continent, from Boston to San Diego.

Weave into one broad ribbon all the fabrics that enter into these 1,500,000 homes, and you could cover the roadway of McCall Street from end to end—a roadway forty feet wide, three thousand miles long!

Home dressmaking on McCall Street requires miles of dress goods, millions of dollars' worth of dressmaking accessories. The women who live on McCall Street like to make clothes for

themselves and their children, because McCall's Magazine gives them, each month, news of the latest New York and Paris Fashions. McCall Fashions and McCall Patterns give them the satisfaction of being always in the mode.

And when these women buy dress goods, trimmings, ribbons, laces, fasteners, dress shields—what more natural than that they should ask for goods whose merits have been made known to them through the advertising pages of McCall's?

You cannot reach the 6,750,000 people who live on McCall Street by train or automobile, by catalog or circular—but you can give your message to every family in McCall Street, every month, in McCall's Magazine.

People Who Believe in Romance Are Moving into McCall Street

Why? Buy the June McCall's and see—a personal talk to brides by Kathleen Norris—love stories by Anne O'Hagan, William Almon Wolf, George Allan England, Dana Burnett—romance glorified by the wife who gave her place to the "other woman," and can still write, "Why I'm Glad I Married."

Largest Circulation of Any 15-cent Magazine in the World

The New McCall Pattern "—it's printed"

Any woman who can read and sew can make clothes for herself and her children with the aid of the new McCall PRINTED Pattern. Thousands of women are proving this for themselves every day. Straight of the goods, how to cut, how to put together—all PRINTED right on the Pattern itself.

ALDERMEN WANT EXPERTS TO OPEN EXPENSE BOOKS

Ask Mesce and Lynch to
Bare Their Profits.

BY OSCAR E. HEWITT.

The council finance committee yesterday requested Frank H. Mesce and Arthur J. Lynch—city building experts who collected \$1,004,586 from the municipal treasury within a year and twelve days—to appear at its next meeting with their books to show all disbursements from their income.

Their boss, Michael J. Faherty, president of the board of local improvements, predicted to the committee several times that the two experts "will appear and give the information the committee desires. But when he was asked to bring in the experts, he replied that he would not."

The action of the committee came yesterday when the committee came to a vote on the resolution that he has a "fair idea" of the net profits of the experts, but declined repeatedly to give it to the committee.

Expect Little Information.
Some members of the committee do not believe that Mesce and Lynch will show up and give the committee any information of value.

"Some time ago we asked them for some sort of information," commented Chairman Richard, "and they told us it was none of our business."

At one point Faherty asserted: "You hired the men (Mesce and Lynch). You fixed the rate of their compensation."

"Is that your ally?" snapped Ald. Schwartz. There had been several sharp clashes previously. Once Faherty said:

"You're steering us against the right fellow. There hasn't been a man on this committee who has opposed me on the plans of the Chicago Plan commission who has lasted on the committee."

"I have asked you a fair question," replied Schwartz, "and you have refused to answer. You say you have a fair idea of their net profits and I want that fair idea."

Acted on Faherty Recommendation.
"You induced us to employ Mesce and Lynch. We acted upon your recommendation. You have said repeatedly that you are responsible for these men. I took your word as did the other members of the committee."

"I recommended them," said Faherty. "I will be responsible for their efficiency, the rate, and the work done."

"That is all there is to be responsible for," said Schwartz. "Now give us your 'fair idea' of their net profits."

"What were your profits last year?" retorted Faherty.

Death the Solacer

Divorcee Killed by Chloroform,
Which She Took to Produce
Sleep After Wreck of Second
Romance.

MRS. ADELE RASMUSSEN.

SECOND ROMANCE WRECKED, SLEEP DRUG KILLS HER

Mrs. Rasmussen Vic- tim of Breakdown.

Excessive use of chloroform by a heartbroken woman to produce sleep caused the death of Mrs. Adele Rasmussen, 45, of the Surf apartments at 501 Surf street. This is the story told by a sister, Miss Helen Singer, who found Mrs. Rasmussen dead yesterday, a washcloth saturated with chloroform across her face.

Miss Singer told the police her sister had been using the drug for several nights. She had been unable to sleep since she suffered a nervous collapse on April 25.

Mrs. Rasmussen was the divorced wife of Dr. C. W. H. Rasmussen, formerly of Chicago, now residing in California. They were married in 1918 in Louisville, Ky.

Divorced, then Engaged Again.
In March, 1920, Mrs. Rasmussen obtained a divorce on grounds of cruelty. They had lived together only two weeks. After the divorce Dr. Rasmussen moved to California and his former wife went to the Surf apartments to live with her sister.

The first of this year the news got around the hotel that Mrs. Rasmussen was engaged to marry again. A Mr. Parker, a clubman of Pittsburgh, was mentioned as her fiancé. She was happy, and spent long hours planning nights she would do to make her marriage as happy as possible.

Planned Breaks Through.
Then, on April 25, she received word from Pittsburgh that Parker had broken the engagement. She suffered a nervous breakdown, followed by nights of restlessness. To produce sleep she began to use chloroform.

Dr. Rasmussen was an army surgeon during the war and served in France. Mrs. Rasmussen was prominent in Red Cross activities. It was while doing these activities that she met the doctor. After the war they were married.

CROWE'S OFFICE PROMISES PROBE OF MILK COMBINE

Grand jury action against those responsible for illegal combinations to raise the price of milk in Chicago was promised yesterday by the state's attorney's office in an open letter to Russell J. Poole, secretary of the city council.

"It was while doing these activities that she met the doctor. After the war they were married."

Legionnaires' Club Asks
Support of Scouts' Fund
Calling attention to the many ways in which the Boy Scouts aided the government during the world war, Arthur Joerns, president of the Legionnaires Club of Chicago, has issued a letter asking every ex-serviceman to help Chicago council of the Boy Scouts to raise the \$125,000 necessary to defray expenses during the coming year.

Contributions of \$1,000 each were announced yesterday by the Illinois Steel company and Robert Stuart. The Yellow Cab company and William Wrigley Jr. gave \$500 apiece.

Two Thrown to Street as
Auto Dodges Collision
Miss Lottie Carlson, 5834 South May street, and August Lox, 223 East 56th street, were thrown to the pavement last night when the auto in which they were riding dodged suddenly to avoid a collision with another car at Addison street and Grove avenue.

HUBBARD heard again that wild cry coming from an open boat at Point Reyes.

BUILDERS AND UNIONS PICK PAY FIXING BOARD

Both Sides Predict End of
Construction Tieup.

The first step to bring about the resumption of building activities in Chicago was taken yesterday at a conference of officials of unions affiliated with the Building Trades' council and representatives of the Building Construction Employers' association.

The joint arbitration board of the two organizations met behind closed doors in the offices of the employers' association in the Chamber of Commerce building. It was agreed by both sides to appoint Thomas S. Kearney, head of the trades' council, and Edward M. Craig, secretary of the employers' association, as a committee to effect an adjustment of the wage dispute. It is understood the contractors will accept whatever agreement is reached.

Unions to Act on Agreement.
The decision of the committee will be submitted to the unions affiliated with the trades' council for whatever action the individual organizations see fit to take.

It was said, however, that if one union accepts the others will follow. At the start of the conference the contractors stood pat for the proposed wage scale of \$1 an hour for mechanics and 70 cents an hour for building laborers. This is a reduction of 20 per cent for the mechanics and a 30 per cent cut for laborers.

When the contractors tried to enforce the reduced scale May 1 it resulted in a tieup of all buildings in the city. They stated at the conference that by the end of the week not more than three per cent of the building mechanics will be employed.

After the action at the conference the contractors were optimistic over the prospect of a building resumption shortly. Mr. Kearney expressed similar views.

These at the Meeting.
Representing the builders' association at the conference were E. V. Johnson, Sumner Solitt, R. S. Blome, Edward Haupt, William McGinnis, Edward Craig, Oscar Reum, George Mehring, A. E. Coleman and A. C. Warren. The unions were represented by Mr. Kearney, William Brims of the Carpenters' district council, Michael Boyle of the electrical workers, William Curran of the plumbers, Peter Shaughnessy of the bricklayers, William Gunther of the gas fitters, Thomas Welsh of the sheet metal workers, Edward O'Rourke of the plasterers, and Edward Ryan of the architectural iron workers.

2 UNION MEN INDICTED
A business agent, and a slugging employed by the Carpenters' union, were indicted by the grand jury yesterday after three days' investigation of graft in the milk industry. Conspiracy to extort money from building contractors was charged. There are now 184 building graft indictments pending in Cook county.

Evidence was presented to show a gang of sluggers had been employed by the union to collect graft and force the election of corrupt union officials. Charles Wright, business agent, and a man known to the witnesses as "Sluggie Smith" were named in the indictments. Wright was also accused of misuse of the union label.

SALESMAN KILLED
BY AUTO; DRIVER
HELD FOR QUIZ
Isaac H. Ritow, 60, of 3527 Grenshaw street, a salesman, was killed yesterday at 14th and South Halsted streets by an automobile driven by Frank Racine, 729 West 28th place. Racine is being held.

William Schwass, 62 years old, 509 Marengo avenue, Forest Park, flagman for the Metropolitan elevated railroad, who was struck by a train Sunday, died yesterday.

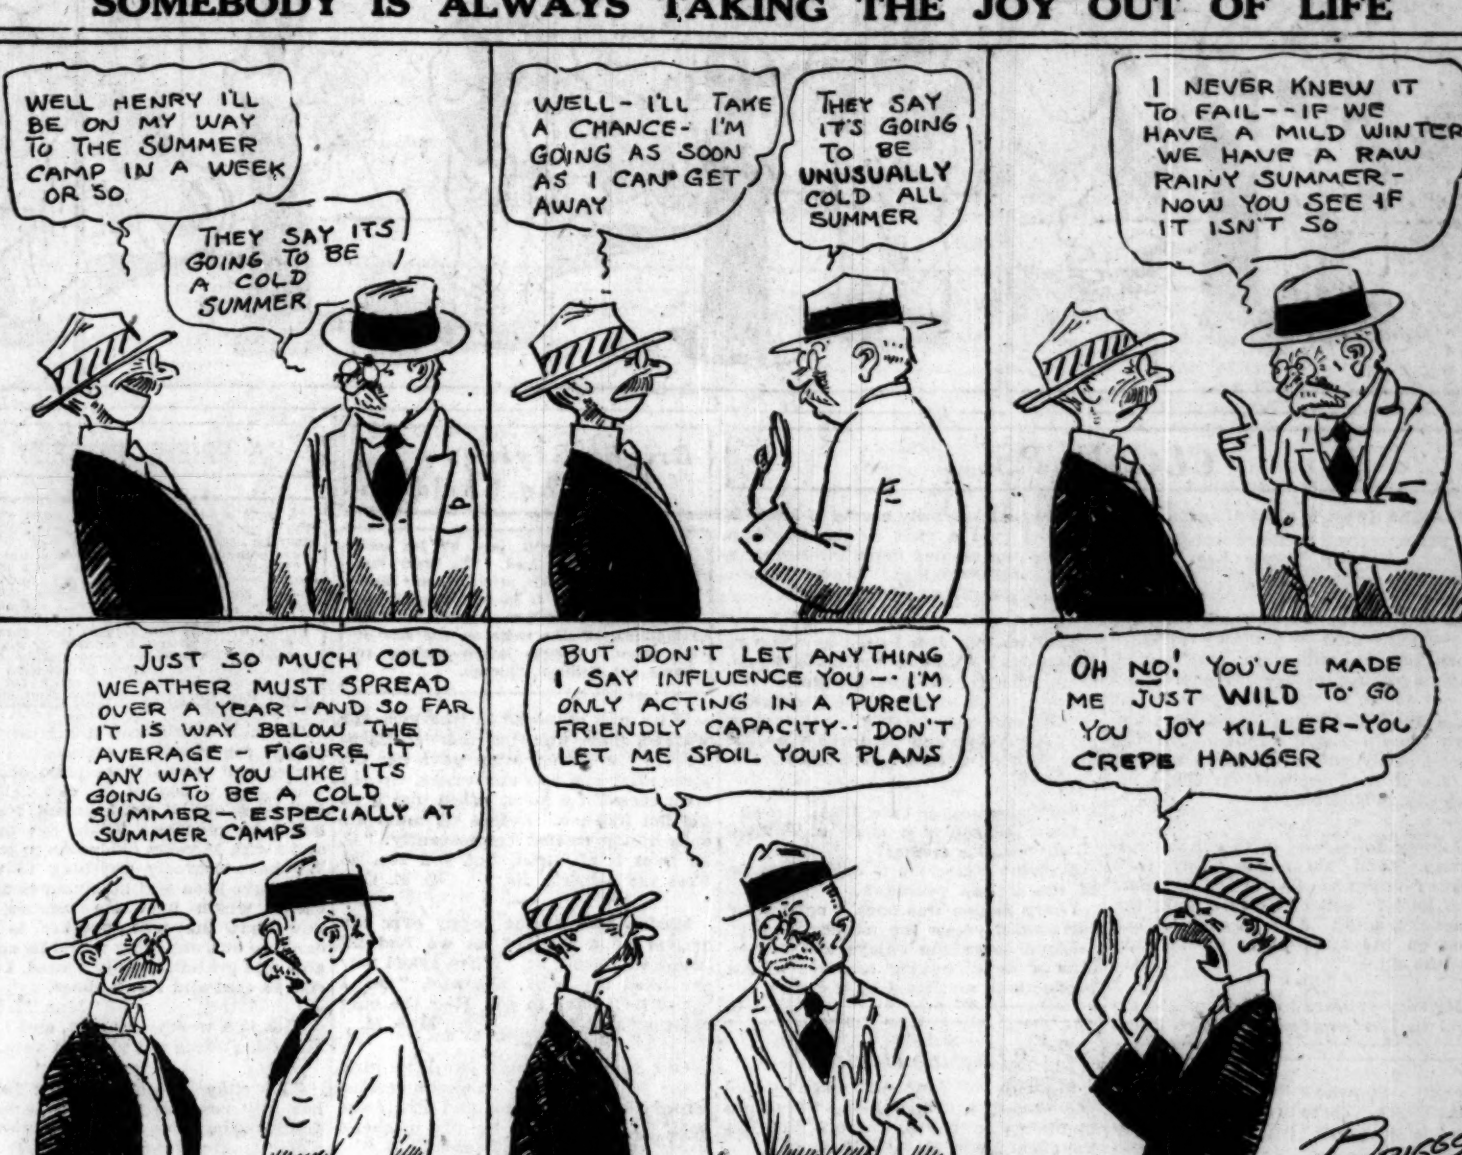

Joseph Kilner, 19 years old, 5404 West 24th street, Cicero, whose auto-mobility struck and killed Mrs. Anna Keller, 2217 South Kostner avenue, Monday night, appeared before Judge McKinley in the Boys' court yesterday on a charge of manslaughter. His case was continued until June 1. Bonds were fixed at \$10,000.

There were 7,070 crimes reported from Nov. 1, 1920, to April 30, 1921, inclusive. Chief of Police Fitzmorris was appointed Nov. 11, 1920. During the same months of 1919 and 1920, under former Chief Garrity, 8,975 crimes were reported.

Crime Falls Off in
Fitzmorris' Reign as Chief
Although thousands of unemployed wintered in Chicago, crime has decreased 12.4 per cent during the last six months, although robberies increased 38 per cent.

There were 7,070 crimes reported from Nov. 1, 1920, to April 30, 1921, inclusive. Chief of Police Fitzmorris was appointed Nov. 11, 1920. During the same months of 1919 and 1920, under former Chief Garrity, 8,975 crimes were reported.

SOMEBODY IS ALWAYS TAKING THE JOY OUT OF LIFE

WELL HENRY I'LL BE ON MY WAY TO THE SUMMER CAMP IN A WEEK OR SO.

THEY SAY ITS GOING TO BE A COLD SUMMER.

WELL-I'LL TAKE A CHANCE-I'M GOING AS SOON AS I CAN GET AWAY.

THEY SAY ITS GOING TO BE UNUSUALLY COLD ALL SUMMER.

I NEVER KNEW IT TO FAIL--IF WE HAVE A MILD WINTER WE HAVE A RAINY SUMMER. NOW YOU SEE IF IT ISN'T SO.

JUST SO MUCH COLD WEATHER MUST SPREAD OVER A YEAR--AND SO FAR IT IS WAY BELOW THE AVERAGE--FIGURE IT ANY WAY YOU LIKE ITS GOING TO BE A COLD SUMMER--ESPECIALLY AT SUMMER CAMPS.

BUT DON'T LET ANYTHING I SAY INFLUENCE YOU--I'M ONLY ACTING IN A PURELY FRIENDLY CAPACITY--DON'T LET ME SPOIL YOUR PLANS.

OH NO! YOU'VE MADE ME JUST WILD TO GO YOU JOY KILLER--YOU CREPE HANGER.

JOY RIDE QUEEN
AND PALS TAKEN
AS AUTO BANDITS

Lured Men to Her
Gang, Police Say.

The law yesterday gathered in Margaret Lawrence, Henry Lexow, and Albert Chih, a trio of alleged bandits, who have been operating on the south and west side boulevards. Margaret—known also as Mrs. Josephine Siegel and Lucille DeVoe—is named by the police as the queen of the gang. She is 24 years old, and pretty enough to win men's admiration.

"Won't you give me a ride?" she would smile. The driver of a passing machine would succumb to her smile.

During the ride Margaret would suggest a lonely section of the road. Eventually the driver would park his car in the vicinity of 60th street and South Western avenue.

Thereupon, the police say, Lexow and Chih, guns hand would appear and divert the victim of money and valuables, then drive away in his car.

Margaret and her companions were arrested at 1756 West Jackson boulevard by Detectives Booth and Ward. They were identified by Robert McLaughlin of 2947 Lexington street, whose taxi-cab was stolen last Friday by a woman and two men, and by eight other victims.

Crime Falls Off in
Fitzmorris' Reign as Chief
Although thousands of unemployed wintered in Chicago, crime has decreased 12.4 per cent during the last six months, although robberies increased 38 per cent.

THOMPSON BILL ON TRACTION IS RUSHED TO HOUSE

Committee Puts O. K. On
at Top Speed.

(BY A STAFF CORRESPONDENT.)
Springfield, Ill., May 18.—(Special.)—Mayor Thompson's traction district bill reached Springfield this morning in the custody of Charles E. Ward of the city hall organization.

This afternoon the house committee on public utilities reported it out with favorable recommendation. It will be ready next week to travel hand in hand through the house with the state administration's public utilities bill.

It may be on second reading tomorrow morning in the house, but probably not before next Tuesday.

More Bonds, Higher Taxes.
More bonds and higher taxes are provided for in the bill to create a transportation district in Chicago, governed by nine elective trustees, with power to acquire surface lines, "I" roads, subways, motor buses, tunnels, or monorail systems.

To pay for these, the trustees are given power to issue "special bonds" up to \$15,000,000, interest and sinking fund to come from an additional tax of 1 per cent on all property in the transportation district. Section 12 thus provides for this tax:

"The board of trustees of each transportation district organized under this act may levy and collect taxes upon the property within the territorial limits of such district, the aggregate amount of which in any one year shall not exceed 1 per cent of the value of the property within the corporate limits of such district as the same shall be assessed and equalized for county taxes for the year for which the levy is made."

Purpose of New Tax.
The revenue from such taxation shall be used only to meet: (a) the principal and interest on bonds issued under Section 13 of this act, (b) expenses incurred for the acquisition of existing or new lines, structures, equipment, or other property constituting the whole or part of a local transportation system, or for new construction, and (c) during the first five years of its existence for all other expenses connected with the corporate purposes of the district.

"If the receipts from operation of any transportation system or systems of the district shall during the first year have been insufficient to meet such expenses connected with the corporate purposes of the district other than those specified in clauses (a) and (b) of this section the board of trustees shall have power to submit to the duly qualified voters of such district at a general election for trustees, before or after the termination of such five year period, the question whether the board of trustees shall continue to meet such expenses from revenue derived from taxation."

Deficit? More Taxes, Higher Fares.
Thus if 5 cent fares should be insufficient, the trustees, if the plan is approved by the people, can meet the deficit by increasing fares. Failure of the 5 cent fare is provided against in this way, section 16:

"The board of trustees of any local transportation district organized under this act shall have the power to fix, alter, regulate, and control rates charged for transportation over or upon such local transportation system or systems. Provided, that in no case shall the rate of fare exceed 5 cents for one person for a continuous trip in the same general direction wholly within the limits of such local transportation district, unless a different rate of fare shall have been authorized in the manner hereinafter provided."

That manner is the referendum as outlined in section 12.

Flying Start Is Given.
For the first five years the 1 per cent tax operates, whether the people desire to have it apply to operating expenses or not. It is estimated that the tax will provide revenue of \$17,000,000 a year.

The bill gives the traction district trustees the power to fix their own salaries, but stipulates that they must not be greater than that of a judge of the Circuit court. The judges of the Circuit court in Cook county are paid \$12,000 a year.

OAK PARK BARS
APARTMENTS IN
CERTAIN ZONE
Future apartment building construction was banned from Euclid avenue, between South boulevard and Randolph street, Oak Park, last night at a special meeting of the zoning committee.

George E. White Jr., chairman, announced the committee would recommend a village ordinance prohibiting the construction of any buildings but homes in the two block stretch. Land was purchased recently at Euclid avenue and Pleasant street as the site of a huge apartment building.

G. A. R. Memorial Services
at Forest Home May 29
A firing squad from the Second Infantry, I. N. G., will salute the departed veterans of the civil war in the memorial service at Forest Home cemetery on the afternoon of Sunday, May 29. Columbia post, No. 706, G. A. R., will have charge of the services, aided by the United Spanish War Veterans and Knights Templars.

Daughter Gets \$193,000
Estate of John O'Malley
Anna Marie O'Malley, 47 East Superior street, will receive the entire \$193,000 estate of her father, John F. O'Malley, who died last night. The north side politician was filed in Probate court yesterday, named Miss O'Malley as his sole heir. Her mother died several years ago.

FARM AND GARDEN TIPS

LIMA BEANS.

Cool weather and heavy, wet soil is the greatest handicap in growing lima beans. Amateur gardeners frequently plant lima beans with early radishes and lettuce, then wonder why they fail to get a stand. Experienced gardeners find that they must wait until after there is absolutely no danger of frost to plant lima beans, either the pole or the bush varieties.

Unless the soil is warm the beans are not likely to sprout, and if they do the seedlings will be too weak to break the thin crust of soil. The great difficulty is to get them to sprout and come through the ground. After they once break through and get a good start, the plants are usually thrifty.

It is best to plant lima beans in fairly dry soil, with just enough moisture to insure germination. In small gardens where only a few hills are planted, it is well to stick the beans in the soil edgewise, with the eye down. Avoid planting when the weather is cool and rainy. In light sandy soil cover the beans to a depth of about one inch, and if the soil is heavy cover them with sand.

For city gardens the bush varieties of the lima are best, because the gardener is often unable to get stakes for the pole lima. Use the small seeded varieties in poor soil and the large ones in rich soil. Manure may be used on the soil for the bush varieties, but not for pole varieties, as it has a tendency to produce an abundance of foliage at the expense of beans.

If poles are not available, a few hills of the pole lima beans may be planted around the border of the garden where the vines may be supported by the fence. Otherwise stakes from seven to nine feet in length will be needed.

Plant the bush varieties in hills six inches apart, and the pole varieties four feet apart within the rows.

BEG YOUR PARDON

Mrs. Flora Holden of 700 North State street, mother of Charles Weisler, known in sporting circles as "The Western Avenue Kid," says the report printed in THE TRIBUNE Tuesday that her son's funeral expenses had been paid out of a bet made on the Kentucky Derby was incorrect. She says the expenses were paid out of her son's savings, and the funeral conducted by his brother, and that James A. Quinn had nothing to do with the services.

In a recent item concerning the arrest of gamblers in a flat in the Town Hall police district it was said that "complaints were made to the police, but the flat, which is in the district of Capt. John H. McCarthy and Sgt. George Cudmore, went unraided." No complaints were made to the Town Hall police.

There were 7,070 crimes reported from Nov. 1, 1920, to April 30, 1921, inclusive. Chief of Police Fitzmorris was appointed Nov. 11, 1920. During the same months of 1919 and 1920, under former Chief Garrity, 8,975 crimes were reported.

POLITICS A BLIGHT ON GOOD ROADS, EXPERT WARNS

Wrecked Plans Laid to
"Tammanys."

A warning against state as well as local Tammanys, which he branded as wreckers of efficient work, by highway construction commissions was sounded last night by R. Hirst, state highway engineer of Wisconsin, at the annual banquet of the Portland Cement association in the Drake hotel.

Mr. Hirst urged that citizens and taxpayers all over the nation organize to prevent politicians and inefficient commissions from wasting millions which have been appropriated for good roads.

Covet Big Road Funds.
"When a state has from \$80,000,000 to \$100,000,000 to spend for highway construction it immediately has the attention of the new Tammanys and other political machines," he said. "When there were only a few thousands for road building these politicians considered it 'chicken feed' and paid little attention to it. Now when a state has an immense sum politicians cannot get to it quickly enough."

"When a politician sets himself up as sole arbiter of expenditures for highway construction, he is throwing a monkey wrench into the machinery of an efficient and economical basis. The governor who will do things like this injures the cause of highway construction. Highway work must be divorced from politics."

Cites Milwaukee-Chicago Road.
"It is a disgrace to any state whose officials refuse to complete a link of good roads between Chicago and Milwaukee—and I insist not go to name that state—because they cannot have everything their way."

Mr. Hirst added that when a state changes its political complexion and with it the leadership in its highway department, the shock is felt throughout the commonwealth.

GUNBOAT CHORUS OF 10,000 VOICES AT PIER EXHIBIT

Ten thousand voices, one thousand on each of ten gunboats in a semi-circle around the municipal pier, directed by a leader on a barge with an electric light and electrically operated baton, will sing patriotic and old time songs each night during the Pageant of Progress exposition.

"We are planning a permanent Chicago chorus of 10,000 voices," Milton G. Severinghaus, chairman of the pageant music committee, said yesterday. "We have asked representatives of 742 Chicago musical organizations to help."

There were 7,070 crimes reported from Nov. 1, 1920, to April 30, 1921, inclusive. Chief of Police Fitzmorris was appointed Nov. 11, 1920. During the same months of 1919 and 1920, under former Chief Garrity, 8,975 crimes were reported.

The Inquiring Reporter

Every Day He Asks Five
Persons, Picked at Random, a
Question.

The Question.
What did you do with your Liberty bonds?

Where Asked.
Rush street and Austin avenue.

The Answers.
James L. Robinson, 114 East Austin avenue, salesman—My wife and I do a great deal of traveling. An auto is a necessity, and, not having the ready cash, we disposed of our Liberty bonds. We were both glad we had purchased the bonds, for they were sure came in handy when we made up our minds to get that auto.

A. Irving Graas, 6833 Prairie avenue.—I have my bonds in the bank and am going to hold on to them until they become due. I clip the coupons every six months and apply them on the purchase of 5 per cent mortgage bonds.

Dominick Selanna, 1420 Larrabee street, chauffeur—I had to sell my bonds when my wife was sick. Naturally I wish I had them now. But we are young yet, and "where there's a will there's a way," or something like that.

A. M. Nelson, 6527 Maryland avenue, warehouse inspector—I bought a bond of every denomination, and my two boys bought savings stamps. I still have the bonds and the boys have their stamps, and we intend to keep them. If it were not for that bond idea a lot of people would not have saved anything.

Harry Rex, 320 West Erie street, chauffeur—Why, I spent 'em. You know, I am only 20 years old, and I have a girl. You know, a girl costs money, and a lot of other things I want cost money. Honestly, man, if I were a millionaire, I'd—, I'd—

Her Ankles His Pride, She Seeks to Divorce Artist

Mrs. Mary E. Underwood of 2145 Warren avenue asked a divorce from Vincent A. Underwood, an artist, yesterday in the Superior court. "We were riding in an auto," she related, "when my husband exposed my ankles by lifting my skirt and exclaiming to his friends, 'Aren't they perfectly beautiful?' I fled from the machine."

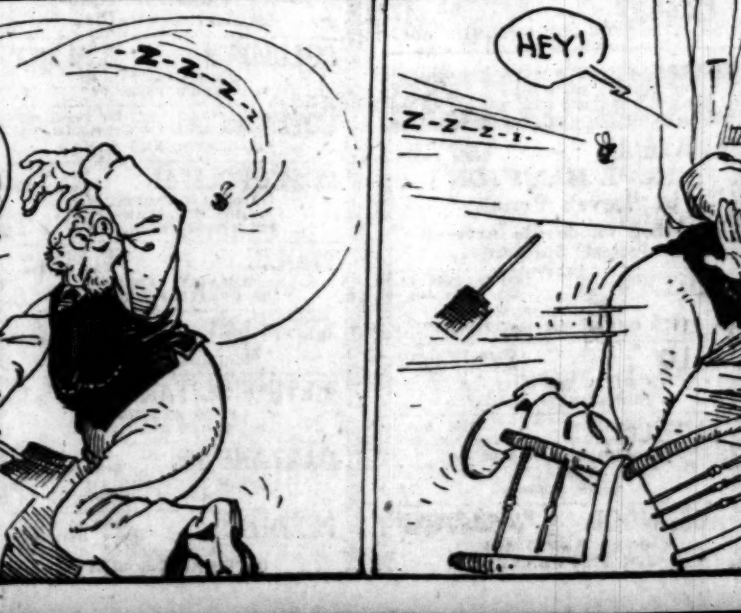

There were 7,070 crimes reported from Nov. 1, 1920, to April 30, 1921, inclusive. Chief of Police Fitzmorris was appointed Nov. 11, 1920. During the same months of 1919 and 1920, under former Chief Garrity, 8,975 crimes were reported.

Mrs. Temple's friend, J. Thornton Allen
Cobbler.....Charles Sutton

By Mae Tinee.
SHE closed her eyes and made three wishes at the behest of the old gypsy woman—who stole the spoons while she was occupied. They were:
To be the wife of a millionaire and for a brief while have everything her heart desired.
To have the eyes of the world turned upon her.
To feel a baby's arms about her neck and hear it call her "mama." (The baby.)

Sally Marrio, somewhat neglected wife of a preoccupied shoe designer, makes the wishes. She's not so much desperately unhappy as she is despondently bored. So when the spouse of the gypsy organ grinder comes selling dream books, and a-stalling, she buys one, and wishes.

Every one of the wishes comes true in a fashion vurr, vurr different from what a wisher could ever possibly have imagined. Little Mrs. Marrio starts out to deliver some shoes. Before she returns to her peaceful if humdrum domestic life, she is known as the wife of a millionaire, she has been the cynosure of many eyes, she has felt the baby's arms about her neck, AND—she has been accused of murder. Home was certainly never anything like that. Home looks good to Sally when she sees it once more.

The story of "Beyond Price," is the most improbable thing in the world. The observer is quite sure that the events so amazingly chronicled will turn out in the end to be "only a dream." Not so! You are kidded to the "Finis." Overlooking this, however, you will admit that the picture is well acted, has plenty of action, keeps you interested, and is technically pretty workmanlike.

You will love Miss White as Mrs. Marrio. Somehow one always loves Miss White. There are times when her work is punk, but "herself" never fails to get over.

HAROLD TEEN—AND RARE JUDGMENT, TOO!

CLOSEUPS

Blanche Sweet is all well again.
Clara Kimball Young has insured her sable scarf for \$10,000. Dew tell!

Lowell Sherman will reach the Senate studios next Wednesday to start work as the villain in Mabel Normand's coming picture—"Mollie-Q."

On June 2, Mildred Davis' contract with Harold Lloyd expires. All the little comedy girls are eagerly waiting to see if it's renewed or not. So, they say, Mildred.

Mystery appears to surround the arrival in Los Angeles of Ignace Pader-

Marrio. Somehow one always loves Miss White. There are times when her work is punk, but "herself" never fails to get over.

rewalk. All anybody seems to know is that he paid a visit to the Goldwyn studios and seemed much interested in their inner workings. Wow, whadda you suppose he's up to?

William Fox has leased a studio in Rome, Italy. J. Gordon Edwards, director, has gone to produce films. The players, it is said, will be "recruited on the continent." Where, it is also said, they may be procured for just about half it costs to get them here.

Do you know, or care, that Betty Blythe is a niece of Samuel G. Blythe, the author? Rudolph Valentino is declared to be of the Italian peragee? Larry Simon was once a newspaper cartoonist? (how the mighty do fall) Lloyd Ingraham enjoys the distinction of never having had one of his productions mutilated by a censor.

"Treasure Hunters."

Students of Lindholm High school will present a comic opera, "Treasure Hunters," in the school assembly on the evenings of May 25, 27, and 28.

Bright Sayings of the Children

The Tribune will pay \$1 for each childish saying printed. The story told must never have been printed in any magazine or paper. It is not possible to acknowledge or return unavailable contributions. Please write on one side of the paper. Address Bright Sayings to Lucy Lee, Tribune, Chicago.

Betty was humored in whatever she wanted, and knowing her fondness for pie her father often gave her his piece after she had eaten hers. On one such occasion a guest asked him if he did not like pie. Before he could answer Betty replied complacently: "O, he likes it all right, but you see, he likes me better'n pie." C. E. C.

Marion was not so happy over the arrival of a brother as we had all hoped she would be. When asked how she liked the baby, she said, "Oh, I 'spose he'll have to do. He's the only one they sent."

One Sunday morning two little girls came in to see us. Celeste seemed happy about something, and finally she said: "I will be six on my mother's washday," which was Tuesday. B. S.

A FRIEND IN NEED

I want to be the medium through which the friend in need and the friend in need may be brought together. It may be you have some discarded article which has outgrown its usefulness that will make some less fortunate one happy, and you would gladly give it if you knew how to get about it. Write to me and I shall be only too happy to be of service to you. When information is wanted by mail, a stamped, addressed envelope should accompany the request. Please do not send notes to the Tribune, but write for the address of the applicant and send direct.

"I am a widow and this is my first appeal for charity. Although I supported and raised three children, now when one, a boy of 20, can help, he has been out of employment for the last four months. There are myself and a girl, 11 years old, going to school. We have scarcely anything to wear. As I have been laid up owing to an accident which kept me indoors, and now that the nice weather is here can't go out, anything would be acceptable and gratefully appreciated. I wear size 48 coat and No. 8 shoes."

"Mrs. M. F." This is a worthy request, and I hope Mrs. M. F. does not plead in vain.

"I wonder if any of your readers has any baseball gloves, especially a first baseman's or a pitcher's glove. I would be grateful for either." T. B.

DORIS BLAKE'S ANSWERS

The Best Remedy.

"Dear Miss Blake: I am writing to you to ask you an important question. I am a young fellow of 19, and have met quite a few girls, but am always rather shy and bashful when with one of them alone. I am all right if there is a group of boys and girls, but when alone I am always saying the wrong thing at the wrong time. How can I overcome this shy, bashful disposition of mine?" Edwin.

Go out every chance you get, Edwin. It is by mingling often with people you are able to overcome that sensitiveness, and then when you are out try to force your mind off yourself and on to the other persons about you.

It's Quite All Right.

"Dear Miss Blake: Kindly tell me whether you think it proper for a girl of 18 to have boy friends, Virginia." Yes, Virginia, I think it quite proper. Why not? You would naturally know nice boys you have gone to school with and their friendships are fine. You probably go to parties and meet them and dance with them, and I think it is the way a girl acquires ease and poise with young men by having these wholesome girl and boy friendships.

PATTERNS BY CLOTHILDE

GIRL'S DRESS.
This is a one piece design, with the fronts extending into sash ends and tied in the back, to be slipped on over the head and closing in the back.
The pattern, 9999, comes in sizes 6 to 14 years. Size 8 requires 2 1/2 yards of 36 inch material with 1/4 yard of 36 inch contrasting.

Order Blank for Clothilde Patterns.
CLOTHILDE, DAILY TRIBUNE, CHICAGO.

Indicate and \$1.00. Please send me the Clothilde patterns listed below: Pattern number. Size. Price. Name. Street. City. State.

How to Order Clothilde Patterns.

Write your name and address plainly on dotted lines, giving number and size of such patterns as you want. Inclose 10 cents in stamps or coin (wrap coin carefully) for each number, and address your order to Clothilde, CHICAGO DAILY TRIBUNE, Chicago.

Note: Clothilde patterns are made in New York exclusively for THE CHICAGO DAILY TRIBUNE. They are perfect in fit up to date style, and the easiest of all patterns to use.

TRIBUNE COOK BOOK

BY JANE EDDINGTON.

Cornmeal Shortcake.

With corn meal selling in bulk at seven cents for two pounds, it is time for us who would be economical, to resurrect our corn meal recipes. There are at least three cook books devoted to corn meal, and Farmers' Bulletin 865, with the title, "Corn Meal as a Food, and Ways of Using It," is to be had free by addressing the division of publications of agriculture, Washington, D. C. I never get these bulletins for distribution, although I never mention them without some one or more people sending me for copies. The recipe in that bulletin with the title "Spider Corn Bread (Without Wheat)," is an excellent one to use for a cornmeal short cake. The cake should be baked in a round sheet, split, and filled with creamed vegetables, some being put over the top also. A shelled or handless frying pan is an excellent utensil in which to bake the cake. The recipe reads:
One and one-half cups of corn meal, two cups of sour milk, one teaspoon of soda, one teaspoon salt, two eggs, two tablespoons butter. Mix the dry ingredients. Add the eggs well beaten with the milk. Place the butter in a frying pan, melt it, and grease the well. Heat the pan, and turn in the mixture. Place in a hot oven and cook twenty minutes. This serves six people.
Perhaps you will like to add a tablespoon of sugar to this. Celery crumbs goes excellently with it, and a combination of celery, sweet pepper, carrots, etc., is good.

Proud Mam Society Ho Hope

THE GREAT EUROPEAN
SUPER-PRODUCTION
By CARL SANDBURG—Daily News.
The most important and the most original photoplay that has come to this city of Chicago the last year is being presented at the Ziegfeld Theater this week in "The Cabinet of Dr. Caligari." Here is one Shakespeare would enjoy coming back to have a look at. "We say see it."

THE CABINET OF DR. CALIGARI
By MAE TINEE—Tribune.
"THE CABINET OF DR. CALIGARI" is certainly like no film you have ever seen before. It is weird, mad, fantastic, and undeniably clever. It is most artistically acted. The lighting is a marvel of spookiness. And if you are looking for something different, well—it is certainly different with a vengeance.
Nothing like it ever crossed the silver screen in any country in the world.
—The American.

GRAINS SCORE STRONG GAINS; WHEAT UP 3C

BY CHARLES D. MICHAELS.

Between the unsettling effect of the news from Springfield, Ill., regarding the probable passage of the Lantz bill to place the grain trade under the supervision of the director of agriculture and the conflicting crop reports grain traders had a lively day. Prices declined early, only to advance on export buying of wheat, and closed around the top, with net gains of 2½¢ on wheat, 2½¢ on corn, ½¢ on oats, and 2½¢ on rye, and ½¢ on barley. A feature of the entire trade was the reduced selling pressure.

Provisions advanced and closed 2½¢ higher on lard, 7½¢ higher on ribs, and 1¢ on pork.

Bad reports on the winter wheat crop continue to come from Kansas, Oklahoma and Nebraska, more coming from the latter state than heretofore. Rains are needed in parts of Kansas. There were good rains in the northwest, which induced selling and the early decline. The government weekly weather and crop report was generally favorable, so that the conflicting statements puzzled traders.

Buying for Export Strong.

Buying of 1,200,000 bu wheat for export, largely at the Gulf to cover oil sales, was a feature of the day reports. Italy, France and Germany were in the market, and Greece was expected to buy another 1,800,000 bu, although it wants Manitoba this time. Cash premiums here were weaker and closed 10¢ lower, with the off grades the most affected. A half dozen of the big commission houses and the professionals were bullish and picked up the May while the selling was by the northwest and southwestern houses at 20¢ above the top of July. Buying of May and selling of July was a big factor in the trade, while in the July local professionals who have been active sellers for some days were mostly on the buying side, and some of the big houses had resting orders to sell on every 5¢ advance.

May at the top point was \$1.48, a gain of 3¢ from the early low, while July moved up 4¢ to \$1.18, with the close at practically the top.

Corn Slightly Above Market.

Corn traders have been active on the selling side among the best buyers yesterday. The country offered corn fairly at slightly above the market, but it was estimated that 200,000 to 300,000 bu were sold which were hedged in the pit by sales of July. There are indications of increased receipts of corn having been sold last week. Prices advanced over 1¢ from the low point, with July up to 8½¢ and September 8½¢, with the close at practically the top.

Crop reports on oats indicated spotted conditions and there were enough unfortunates in them to induce moderate buying of them in the September, which advanced from 42¢ to 40½¢, where it closed. Supplies in all positions are large, and exceed last years.

Export sales of 100,000 bu rye were made for shipment from Chicago and Duluth, mostly the latter, at 21¢ over July, c. i. f. Buffalo. Exporters were in the market for July and there were commission house orders for September. The latter finished at 89½¢.

Commission Men Buy Lard.

Commission houses bought lard and the while the selling was by local traders. There was selling of ribs and buying of lard, as the ribs are relatively \$1.30 per 100 lbs above lard. Inquiries were here from the continent for lard and lightweight meats. The south was a moderate buyer of backs and jowls. Prices had a narrow range and closed around the top. Packing in the west last week was \$70,000, or 117,000 less than last year. Prices follow:

BEAUTY ANSWERS

J. P. G. YOU CAN QUICKLY determine the relation between breathing and mental activity by a simple experiment. When you are tired, dull and sleepy, and are unable to read or work, leave it a moment, stand before an open window, and slowly draw the lungs to their fullest capacity a dozen or more times. You will find on renewing the work a new lease of mental energy. That "heavy feeling" following meals may be relieved with a few minutes' deep, diaphragmatic breathing in the open air. And the chasing the blues right off the map deep breathing outdoors is helpful.

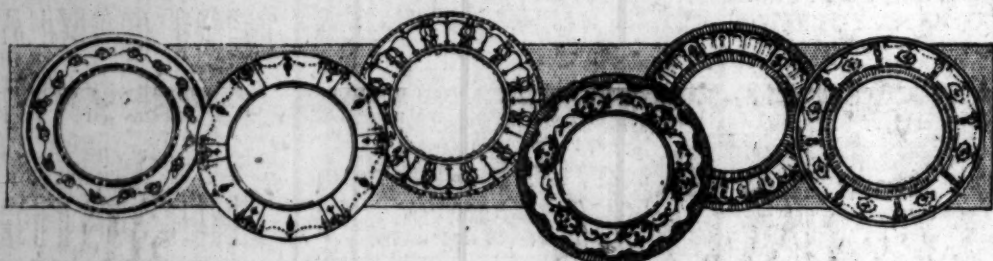

MYRA: FOR OILY SKIN—RICH greasy foods must be given up for a more wholesome diet. The following lotion is good: Orange flower water, 4 ounces; tincture of benzoin, 1/2 ounce; witch hazel, 2 ounces. Mix the witch hazel and the orange flower water, shake lightly, and add to the tincture of benzoin. Apply this wash with a piece of absorbent cotton night and morning. If your face is extremely oily, wipe it off once or twice a day with diluted alcohol. For mild cases, one dram of boracic acid mixed with four ounces of rosewater is helpful.

LUCILLE: ENLARGED PORES are mean things to reduce. But if you have patience you can accomplish a cleaner, finer grained skin. The pores are enlarged as a rule because they have been clogged with secretions, so, first, it is necessary to use water and soap, rinse off with warm water, and then apply cold water. Rub ice over the skin after that. It is an excellent astringent. If you will give your skin this ice treatment every night and morning for a month, you will see a marked improvement.

BLUET EYES: SOMETHING FOR biting nails and for hangnails. For the former, dip the finger tips in alcohol, 1/4 ounce; chloroform, 1/4 ounce; summa, 1/4 ounce; summa, 1/4 ounce. Coat the hangnails with collodion to give it a chance to heal.

ADELE: SOME SKINS DO NOT stand glycerin. It irritates. On the other hand, many women keep the hands in nice condition by applying glycerin and rosewater every night.
